(ii) He shall not leave the toll gate at any time without prior permission of the prescribed authority. (iii) He shall be responsible for proper collection of tolls and maintenance of accounts in the Forms I and II respectively. Form 10 shall be in duplicate one of which shall be carbon copy. (iv) He shall at no time keep with himself more than Rs. 100 collected as tolls. (v) He shall regulate the credit and collections in the manner provided in rule.

14. Collection of toll.

- (i) Toll shall be collected at such rate as may be declared by the Government from time to time by notification. (ii) Receipt books containing receipts with counterfoils in Form 10 will be kept in the toll gate. The receipt books will be serially machine numbered. When the toll collector on duty has collected the toll, he shall hand over receipt or receipts to the person paying the toll and shall at the same time, enter the amount received in the counterfoil.

15. Accounting procedure.

(a) Regarding collection of tolls the toll collector shall enter the number of receipts (as prescribed in Form 10) issued by him in a day serially in a bound register set out in Form 11. (b) When one toll collector is relieved by another at the end of his period of duty the number of tickets left in each receipt book and the amount realised by issue of tickets shall be checked and the register initialled by the relieving toll collector in token of the correctness of the tickets and the cash received. (c) The amount realised each day shall be kept in a safe embedded in the toll gate and remitted to the Sectional Officer-in-charge of the section or the Sub-divisional Officer-in-charge of the maintenance subdivision on the following day with a challan in the Form 12, one copy of which will be retained by the officer receiving the amount and the other returned to the toll collector. When the toll gate is situated away from the headquarters of the sub-division, the amount realised as toll shall be remitted on the following day to the Sectional Officer, who shall remit it to the Sub-divisional Officer or credit it to the nearest treasury as may be directed by the Sub-divisional Officer. (d) The cash in the chest and the register shall be checked by the Sub-divisional Officer whenever he visits the toll gate and he shall record the result of his check in the register. (e) The Sub-divisional Officer shall maintain the following registers: (i) A register showing the number of receipt books received by him and issued to the toll collectors from time to time. Note - An acknowledgement should be taken by the Sub-divisional Officer from the toll collector for the receipt books issued to them. (ii) A register showing the amount of toll collected daily and each month. (f) Each toll collector shall furnish a security deposit of Rs. 100 in cash and a personal security for, the same amount. Any loss to Government on account of short realisation on the total value of receipts issued to a toll collector shall be recovered from his security deposit. [Chapter-IV] [Inserted vide Orissa Gazette Extraordinary No. 652/12.5.1973-SRO No. 370/73/27.3.1973.] Compounding of toll

16. The toll payable by an owner in respect of the goods or vehicles under Sub.

- section (1) of Section 6 may be compounded by the prescribed authority on receipt of an application from owner of any such goods or vehicles in Form No. 13.

17.

The prescribed authority shall superintend and be responsible for compounding the toll, its collection in advance, crediting and accounting the same.

18.

The compounding of toll of a particular applicant shall be done on a specific quantity fixed by the prescribed authority on the basis of quantity transported as certified by the Director of Mines, Orissa, during the quarter preceding the date of application.

19.

The application for compounding of toll shall be accompanied with a certificate of the quantity transported from the Director of Mines, Orissa for the quarter preceding the date of application. Fees for the application form for compounding of toll will be 20 paise each. All such applications should be made through the Executive Engineer concerned during office hours on working days.

20.

The compounding of toll on the above basis shall be made once in a quarter. The application for such compounding of toll shall be made one month in advance of the commencement of the next quarter. The first quarter will begin from the 1st January, the second quarter from the 1st April of every year and so on.

21.

On receipt of the application in the prescribed form, the prescribed authority shall scrutinise the same and may accept or reject the same, if not in order.

22.

Before permitting compounding of toll the prescribed authority may verify the total weight mentioned in the application and the quantity certified by the Director of Mines, Orissa during the period from the records in Paradeep Port Trust Office and from the weighbridge records at Paradeep and Banaspani Railway Stations.

23.

The prescribed authority after permitting the compounding of the toll shall return the applications duly filled and signed (in ink) and stamped with official stamp to the officer-in-charge of advance collection.

24.

The prescribed authority shall specify by a notification the place or places and the Executive Engineer, by whom the advance collection of toll will be done with prior approval of Government.

25.

Toll shall be compounded and collected in advance for express highway Nos. land 2 at the rates and manner indicated below :

(a)

Express Highway No. 1 from Zero Point at Daitari Mines to the points where it crosses the National Highway No. 1 near Haridaspur	Loaded truck	Leviabale per tonne on the actual weight tonne carried by each of the vehicles as furnished by the Director of Mines, Orissa	Rs. 3.00 per tonne
Express Highway No. 2 from Zero point (b) near Bambari to its termination point near Banaspanai Railway Station	Ditto	Ditto	Rs. 0.40 per tonne

26.

The deposit for compounding of toll shall be made by the party in any Government treasury of the State of Orissa and the original copy of the challan produced before the concerned Executive Engineer. The challan for such deposit shall be got countersigned by the prescribed authority and it will be preserved in the office of the Executive Engineer concerned after noting the treasury challan number.

27.

The receipt books containing equal number of receipts in Form No. 14 in duplicate shall be printed by the prescribed authority and issued to the Executive Engineer from time to time. The receipt books and the receipts therein shall be machine numbered. The printed receipt books shall be preserved in the Office of the Executive Engineer concerned. The Executive Engineer shall maintain a register showing the number of receipt books received by him from the prescribed authority and used in compounding toll from time to time.

28.

After ensuring the deposition of compounded toll in the treasury, the Executive Engineer shall hand over the receipt or receipts to the persons who have made payment in Form No. 14 and retain the duplicate carbon copy in the receipt book.

29.

The Executive Engineer in charge of toll collection shall be responsible for proper collection compounded toll in advance and maintenance of accounts.

30.

The Executive Engineer in charge of collection of compounded toll shall enter the number of receipts issued by him in a day serially in a bound register set in Form No. 15.

31.

After ensuring the deposition of compounded toll in the treasury, the Executive Engineer shall issue a pass and a token to each of the vehicles which the applicant intends to engage, in Form Nos. 16 and 18 one week before the commencement of the quarter of which toll has been paid.

32.

The passes and the token after duly filled shall be signed by the concerned Executive Engineer stamped by official stamp before issue to the party concerned.

33.

The Executive Engineer shall enter the number of passes and tokens issued by him serially in bound register set out in Form No. 17 and obtain the signature of the recipient in the register.

34.

The registration number of the vehicles for which passes and tokens have been issued and the period for which such passes and token have been issued should be intimated to all the toll gates and check-gates with instructions not to collect toll from those vehicles for the period and to allow them to proceed after checking the passes and the goods permitted to be carried

35.

The tokens thus issued shall be depicted on the vehicle (in respect of which advance payment has been made) in a conspicuous manner and the passes shall be carried in the vehicle.

36.

The loaded vehicles with the permitted goods to be carried and in the possession of valid passes shall be allowed to pass at the toll gates without demanding toll.

37.

The empty vehicles in possession of valid passes will also be allowed to pass at the toll gates without demanding toll.

38.

Toll at the toll gates should be charged at the usual rate prescribed under Sub-section (1) of Section 6 of the Express Highway Act, 1964 from the vehicles which do not possess a valid pass.

39.

Used receipt books shall be preserved in the office of the Executive Engineer and may be destroyed three years after the date of auditing the same.

40.

The Superintending Engineer shall check the accounts in the office of the advance collections quarterly and record the results of check in the register maintained in Form No. 15. After check he should furnish a report to the prescribed authority and to Government within a week with the remarks that the records and amount collected is checked by him and found correct.

41.

A quarterly progress report of the amount collected in advance shall be furnished to Government by the prescribed authority at the end of every quarter.

42.

Immediately after expiry of every quarter the Executive Engineer shall find out the total quantity of ore transported and the difference of collection of toll has either to be adjusted towards payment of compounded toll in subsequent quarters or realised from the party as the case may be. The account has to be maintained in Form No. 19.[Chapter-IV-A] [Inserted vide SRO No. 187/82/11.3.1982.]
