Rajasthan Transparency in Public Procurement Act, 2012(Act No. 21 of 2012)Statement of Objects and Reasons. - There is a growing consensus in favour of enacting a public procurement law in India with the objective of maximising economy and efficiency, promoting competition among suppliers and contractors while providing a fair and equitable treatment, ensuring transparency and fairness in the procurement process, and promoting the integrity of, and public confidence in, the procurement process.At present, public procurement in Rajasthan is governed by administrative rules and procedures which only attract departmental action in case of violation. These rules do not create any rights in favour of the public in general, and the potential suppliers, in particular, nor do they provide for a fair and effective mechanism for dispute resolution, thus virtually denying any recourse against unfair and arbitrary decisions of the procuring entities. Another limitation of this arrangement is the absence of penal consequences for punishment for taking gratification or valuable things in respect of Public Procurement and interference with procurement process, except under the normal penal codes which are inadequate for dealing with complex procurement matters.The Bill seeks to achieve the aforesaid objectives.Hence the Bill.No. F. 2 (27) Vidhi/2/2012. - In pursuance of Clause (3) of Article 348 of the Constitution of India, the Governor is pleased to authorize the publication in the Rajasthan Gazette of the following translation in the English language of the Rajasthan Lok Upapan Main Pardarshita Adhiniyam, 2012 (2012 Ka Adhiniyam Sankhyank 21):-[Received the assent of the Governor on the 21st day of May, 2012]An Act to regulate public procurement with the objectives of ensuring transparency, fair and equitable treatment of bidders, promoting competition, enhancing efficiency and economy and safeguarding integrity in the procurement process and for matters connected therewith or incidental thereto.Whereas, the State Government considers it necessary to ensure the highest standards of transparency, accountability and probity in the public procurement process and to enhance public confidence in public procurement.Be it enacted by the Rajasthan State Legislature in the Sixty-third Year of the Republic of India, as follows:-
