Karnataka Electricity Reform Act, 1999(Karnataka Act No. 25 of 1999)Statement of objects and Reasons - Act 25 of 1999. - It is considered necessary to enact a legislation to provide for:(i) establishment of the Karnataka Electricity Regulatory Commission for the State Karnataka with powers to regulate purchase, distribution, supply and utilisation of electricity, tariff and charges payable, to promote efficiency, economy and safety in the use of electricity and to issue licenses and to do certain other matters.(ii) constitution of Selection Committee to select members of the Karnataka Electricity Regulatory Commission.(iii) incorporation of the Karnataka Power Transmission Corporation with the principle object of engaging in business of purchase, transmission sale and supply of electricity.(iv) reorganisation of the Karnataka Electricity Board and transfer of Board functions and its properties and liabilities to the Karnataka Power Transmission Corporation;(v) regulation of generation companies and generating station by the Karnataka Electricity Regulatory Commission;(vi) Licensing transmission and supply of electricity by the Commission;(vii) Laying down the methodology and terms and conditions for determination of revenue of the licensee and designing tariffs;(viii) Securing compliance of the order of the Commission;(ix) Constitution of Advisory Committee to advise on major questions of policy relating to the electricity supply industries in the State and on any other matter put before it;(x) Penalties for contravention of the provisions of the act or the regulations made under the Act, or the Indian Electricity Act, 1910 or Electricity Supply Act, 1948 or the rules made under those Acts; and(xi) Certain other incidental and consequential matters.As the matter was urgent and the Karnataka Legislative Council was not in session, the Karnataka Electricity Reform Ordinance, 1999 (Karnataka Ordinance 3 of 1999) was promulgated to achieve the above object.This Bill seeks to replace the said Ordinance.(Obtained from L.C. Bill No. 9 of 1999).Statement of objects and Reasons - Amending Act 26 of 2001. - It is considered necessary to amend the Karnataka Electricity Reforms Act, 1999:-(i) to provide for determination of the amount payable by the State Government under section 12;(ii) to remove minor ambiguities so that the enactment will be consistent with the stated object of electricity reform.Certain other consequential changes are also made.Hence the Bill.(L.A. Bill No. 15 of 2001 File No. DPAL 6 Shasana 2001)Statement of objects and Reasons - Amending Act 4 of 2005. - The Mangalore Electricity Supply Company, one of the four ESCOMS in the State has undertaken power supply in the districts of Mandya, Mysore, Chamarajnagar, Kodagu, Hassan,

Udupi, Dakshina Kannada, Shimoga and Chickmagalore. Since, it was felt difficult to give adequate service to the consumers scattered over a wide area, the State Government have vide Government Order No.EN 98 PSR 2004, dated 19.08.2004 established a new electricity distribution company called "The Chamundeshwari Electricity Supply Company" with headquarters at Mysore and with jurisdiction comprising the districts of Mysore, Chamrajnagar, Mandya and Hassan, In order to enable the new Company to function on equal footing with the other ESCOMS, it is essential to transfer all assets and liabilities in respect of the districts of Mysore, Chamarajnagar, Mandya and Hassan from MESCOM to Chamundeshwari Electricity Supply Company by suitably amending the Karnataka Electricity Reforms Act, 1999. In order to enable immediate functioning of the Chamundeshwari Electricity Supply Company, the Karnataka Electricity Reforms (Amendment) Ordinance, 2004 was promulgated on 24.12.2004 to amend section 14 of the Karnataka Electricity Reforms Act, 1999. This bill seeks to replace the said Ordinance. Hence the Bill. (LC Bill No.1 of 2005) (First Published in the Karnataka Extra-ordinary Gazette on Twenty First of August, 1999) (Received the assent of the President on Twentieth day of August, 1999) An Act to provide for the constitution of an Electricity Regulatory Commission ('The Commission') for the State of Karnataka; to provide for the restructuring of the electricity industry in the State, the corporatisation of the Karnataka Electricity Board and the rationalisation of the generation, transmission, distribution and supply of electricity in the State; to provide for avenues for participation of private sector entrepreneurs in the electricity industry in the State and generally for taking measures conducive to the development and management of the electricity industry in the State in an efficient, economic and competitive manner to provide reliable quality power and to protect the interest of the consumer including vesting in the Commission the powers to regulate the activities of the power sector in the State and for matters connected therewith or incidental thereto; Be it enacted by the State Legislature of Karnataka in the Fiftieth Year of the Republic of India, as follows:-Part-I Preliminary

(5) The State Government may, after consulting the KPTC [or a licensee as the case may be] [Inserted by Act 4 of 2005 w.e.f. 24.12.2004], KPTC require the [or a licensee as the case may be] [Inserted by Act 4 of 2005 w.e.f. 24.12.2004] to draw up a transfer scheme to vest in a further licensee (the "transferee licensee"), any of the function including a distribution function, any property, interest in property, rights and liabilities which have been vested in the KPTC [or a licensee as the case may be] [Inserted by Act 4 of 2005 w.e.f. 24.12.2004] under this section and publish the same as the scheme of transfer under this Act. The transfer scheme to be notified under this sub section shall have the same effect as the transfer scheme under sub section (2) and shall be effective from the date specified (effective date of second transfer).

(6) A transfer scheme under this section may, amongst others, - (a) define the property, interest in property, rights and liabilities to be allocated, - (i) by specifying or describing the property, rights and liabilities in question; (ii) by referring to all the property, interest in property, rights and liabilities comprised in a specified part of the transferor's undertaking; or (iii) partly in the one way and partly in the other; (b) provide that any rights or liabilities specified or described in the scheme shall be enforceable by or against the transferor, or the transferee, as the case may be; (c) impose on KPTC or any licensee, an obligation to enter into such written agreements with, or execute such other instruments in favour of, any person as may be specified in the scheme; (d) impose on any transferee licensee the obligations to comply with the power procurement and purchase arrangements with KPTC; and (e) make such supplemental, incidental and consequential provisions as transferor licensee considers appropriate including provision specifying the order in which any transfer or transaction is to be regarded as taking effect.

(7) All debts and obligations incurred, all contracts entered into and all matters and things engaged to be done by, with or for the Board, or the KPTC or generating company or companies before a transfer scheme becomes effective shall, to the extent specified in the relevant transfer scheme, be deemed to have been incurred, entered into or done by the Board, with the Board or for the State Government or the KPTC or the transferee, and all suits or other legal proceedings instituted by or against the Board or transferor, as the case may be, may be continued or instituted by or against the State Government or the concerned transferee, as the case may be.

(8) If pursuant to a transfer scheme framed by the State Government, the KPTC [or a licensee as the case may be] [Inserted by Act 4 of 2005 w.e.f. 24.12.2004] is required to vest any part of its undertaking in another company or body corporate or person, the Commission shall amend the licence granted to enable the transferee to carry out the functions and activities assigned to the transferee.

15. Provisions relating to personnel .

(1)The State Government may provide in a transfer scheme framed under section 14 for the transfer of the personnel from the Board to the KPTC or to the generating company or companies or from the KPTC to further transferee, as the case may be, on the vesting of properties, rights and liabilities in the KPTC or further transferee as provided under Section 14 and such transfers shall be effective in the same manner as in the case of transfers under section 14.Explanation. - For the purposes of this section and section 16, the term "personnel" shall mean all persons who, on the effective date of the transfer, are the employees of the Board or the KPTC, as the case may be.(2)Upon such transfer scheme, the personnel shall hold office or service under the KPTC or generating company or companies or the transferee company on terms and conditions that may be determined, in accordance with the transfer scheme:Provided that such terms and conditions on the transfer shall not in any way be less favourable than those which would have been applicable to them before the relevant transfer scheme and the continuity of service of the personnel shall be maintained:Provided further that any such scheme under sub-sections (1) and (2) shall be consistent with the tripartite agreements entered into between the State Government, Board or KPTC as the case may be and the employees.(3)Notwithstanding anything contained in the Industrial Disputes Act, 1947 or any other law as is applicable and except for the provisions made in this Act, the transfer of the employment of the personnel referred to in sub-section (1) shall not entitle such employees to any compensation or damages under this Act, or any other Central or State law or under the general law, save as provided in the transfer scheme.

16. Variation of transfers .

- Subject to the proviso of sub-section 2 of Section 15, the State Government may provide that the transfers in terms of sections 14 and 15 shall be provisional for a period of twelve months from the effective date and reserve the right to alter, vary, modify, add or otherwise change the terms in such manner as the State Government may consider appropriate.

Part VI – Generating Companies and Generating Stations

17. Regulation of generating companies and stations.

(1)A licensee or a bulk purchaser or any other person may enter into a contract with a generating company for purchase of electricity in the manner approved by the Commission and such approval granted by the Commission shall have the effect of the consent given by the State Government in terms of section 43A of the Electricity (Supply) Act, 1948 :Provided that, the approval granted by the Commission under this sub-section shall not in any manner affect the requirements to obtain approvals and sanctions of the State Government or any other authority under any other law, rule or regulations.(2)The provisions of section 44 of the Electricity (Supply) Act, 1948 shall apply in regard to applications for consent to the establishment or acquisition of a new generating station, or to extend or replace any major unit or plant or works pertaining to generation of electricity in a generating station, to meet the applicant's need for the electricity, subject to the following

modifications:- (a) the applicant shall apply for and obtain the prior consent in writing of the Commission in place of the Board; (b) the Commission shall record the reasons for the grant or refusal of the consent. (3) No generating company or generating station, except to the extent of the business of sale of electricity to the bulk purchaser or licensee or to such other person specifically authorised by the Commission, shall engage in the business of sale or supply of electricity or transmission of electricity in the State. (4) No generating company or generating station shall, at any time, without the previous consent in writing of the Commission, acquire by purchase or otherwise the licence or the undertaking of, or associate himself with, so far as the business of generating, transmitting, distribution or supply of energy is concerned, any other licensee or person transmitting, supplying or intending to transmit or supply electricity : Provided that before granting consent the Commission may publish such notices inviting objection as the Commission may specify by regulations.

Part VII – Licensing of Transmission and Supply

18. Requirement of licence.

(1) No person, other than those authorised to do so by license or by virtue of exemption under this Act or authorised to or exempted by any other Authority under the Electricity (Supply) Act, 1948, shall engage in the State in the business of, - (a) transmitting electricity; or (b) supplying electricity, including bulk supply. (2) Where any difference or dispute arises as to whether any person is or is not engaged or about to engage in the business of transmitting or supplying electricity as described in sub-section (1), the matter shall be referred to the Commission and the decision of the Commission shall be final. (3) The Commission shall have the power to order any unlicensed person to cease to operate and disconnect its apparatus. (4) Notwithstanding anything contained in the other provisions of this Act and until the establishment of the Commission in terms of section 3, the State Government shall have the power to grant provisional licenses under this section having a duration not exceeding twelve months to any person or persons to engage in the State in the business of transmission or supply of electricity on such terms and conditions as the State Government may determine consistent with the provisions of this Act, subject however, to the following conditions: - (a) upon the establishment of the Commission, each of the provisional licenses granted by the State Government shall be placed before the Commission and shall be deemed to constitute an application for grant of a license by the Commission under the provisions of this Act ; and (b) each provisional license granted under this section shall cease to be valid and effective on the date on which the decision of the Commission is communicated to the provisional licensees. (5) The State Government shall be entitled to confer on the provisional licensees under sub-section (4) such powers, rights and authorisation as the Commission is entitled to grant to the licensees under this Act. (6) All licenses issued under the provisions of Indian Electricity Act, 1910, by the State Government or any competent authority shall be deemed to be a provisional licence and shall be subject to the conditions provided under sub-sections (4) and (5). All power purchase agreements, transmission services agreements and other contracts entered into shall continue in full force and effect and will be transferred to the successor entities.

19. Grant of licenses by the Commission.

(1)The Commission may on an application made in such form and on payment of such fee as may be specified by regulations, grant a license authorising any person to,-(a)transmit electricity in a specified area of transmission; and/or(b)supply electricity in a specified area of supply or supply in bulk to the licensees or any person.(2)In respect of the grant of any such license, the following provisions shall apply:-(a)Any person applying for a license shall publish a notice of his application in such manner and with such particulars as may be specified by regulations within fourteen days after making the application;(b)The Commission shall not grant a license until,-(i)all objections received relating to the application for the license have been considered by the Commission, provided that no objection shall be considered by the Commission unless it is received within such time from the date of the first publication of the notice under clause (a), above as may be specified by regulations, which shall not be less than forty-five days; and(ii)in the case of an application for a license to supply or transmit in an area which includes the whole or any part of any cantonment, aerodrome, fortress, arsenal, dockyard or camp or of any building or place in the occupation of the Central Government for defence purposes, the Commission has ascertained that there is no objection to the grant of the license on the part of the Central Government; [and] [Inserted by Act 26 of 2001 w.e.f 10.11.2001.](iii)[the KPTC is consulted in the matter.] [Inserted by Act 26 of 2001 w.e.f 10.11.2001.](c)Where an objection is received from any local authority concerned, the Commission shall, if in its opinion the objection is insufficient, record in writing and communicate to such local authority its reasons for such opinion; and(d)No application for a license shall be made by any local authority except pursuant to a resolution passed at a meeting of such authority held after one month's previous notice of the same specifying the purpose thereof has been given in the manner in which notices of meetings of such local authority are usually given.(3)There shall be specified in the license the duration, extent to which and the terms and conditions under which the transmission or supply of energy is to be made and it shall also contain such other conditions as the Commission may consider appropriate for achieving the purposes of the Act.(4)Without prejudice to the generality of sub-section (3), the conditions included in a license by virtue of that sub-section may require the licensee to,-(a)enter into agreements on specified terms with other persons for the use of any electric lines, electrical plant and associated equipment operated by the licensee;(b)comply with any direction given by the Commission;(c)act in accordance with the terms of the license;(d)refer all disputes arising under the license for determination by the Commission;(e)furnish information, documents and details which the Commission may require for its own purpose or for the purposes of the Central or State Government or Central Electricity Authority or Central Electricity Regulatory Commission;(f)comply with the requirements of the Indian Electricity Act, 1910 and the Electricity (Supply) Act, 1948 or rules framed thereunder in so far they are applicable;(g)undertake such functions and obligations of the Board under the Indian Electricity Act, 1910 and Electricity (Supply) Act, 1948 as the Commission may specify by regulation;(h)obtain the approval of the Commission of such things that are required under the license conditions or for deviation from the same;(i)notify the Commission of any scheme that he is proposing to undertake including the schemes in terms of the provisions of the Electricity (Supply) Act, 1948;(j)purchase power in an economical manner and under a transparent power purchase procurement process;Explanation. - The contracts concluded by the State Government or the Board with generating companies and transmission companies prior to the date of commencement of the

Act shall stand assigned to the KPTC in terms of section 14 and the KPTC may continue the purchase or transmission of power under such contracts for effecting bulk sales, distribution and supply to other licensees;(k)the purchase of power from the KPTC to the extent necessary to enable the KPTC to perform its obligations under the contracts concluded by the State Government or the Board referred to in clause (j);(l)supply of electricity in bulk to other licensees or to customers.(5)Without prejudice to the generality of sub-section (3), conditions included in a license granted by the Commission may require the holder of such a license to establish a tariff or to calculate its charges from time to time in accordance with the requirements specified by regulations by the Commission.(6)The provisions contained in the Schedule to the Indian Electricity Act, 1910 shall be deemed to be incorporated with and form part of, every supply license granted under this Part save in so far as they are expressly varied or excepted by the supply license and shall, subject to any such additions, variations or exceptions which the Commission is empowered to make having regard to the purposes of the Act , apply to the undertaking authorised by the license in relation to its activities in the State:Provided that where a supply license is granted by the Commission for the supply of energy to other licensees for distribution by them, then in so far as such license relates to such supply, the provisions of clauses IV, V, VI, VII, VIII and XII of the said Schedule shall not be deemed to be incorporated within the supply license.(7)The conditions included in a license may contain provision for the conditions to cease to have effect or be modified at such times, in such manner and in such circumstances as may be specified in, or determined by or under, the conditions.(8)Any provisions included by virtue of sub-section (7) in a license shall have effect in addition to the provisions made under sections 22(5) and 23 with respect to the amendment of the conditions of a license.(9)Unless if so indicated in the terms of a license, the grant of a license under this section to a person shall not in any way hinder or restrict the grant of a license to another person within the same area of supply for a like purpose and the licensee shall not claim any exclusivity.(10)The license granted by the Commission in terms of this Act may provide that the licensee shall have the powers and authority to take appropriate actions for revenue realisation, prosecution for theft, meter tampering, diversion of electricity and all such and similar matters affecting the distribution and supply of electricity to the consumer.(11)The Commission shall be entitled to authorise the licensees and persons to exercise such power and authority as the licensees and persons could be given under the provisions of the Indian Electricity Act, 1910 and the Electricity (Supply) Act, 1948.

20. Exemptions from the requirement of licence.

(1)The Commission may make regulations to grant exemption from the requirement to have a supply license, but subject to compliance with such conditions (if any) as may be specified in the order: provided that the Commission shall not, under any such regulation, grant any exemption except with the consent,-(i)of the local authority, if any, constituted in the area where energy is to be supplied;(ii)in any case where energy is to be supplied in any area forming part of any cantonment, aerodrome, fortress, arsenal, dockyard or camp or any building or place in the occupation of the Central Government for defence purposes, of the Central Government;(iii)in any area falling within the area of supply of a licensee, of that licensee:Provided that except in a case falling under sub-clause (ii), no such consent shall be necessary if the Commission is satisfied that such consent has been unreasonably withheld.(2)An exemption may be granted,-(a)to a person; or(b)to a class of

persons, or(c)for a certain period.(3)An exemption granted shall be published in such manner as the Commission considers appropriate.(4)The exemption granted may be revoked by the Commission at any time for reasons to be recorded in writing.(5)An exemption, unless previously revoked, shall continue in force for such period as may be specified in, or determined by or under, the exemption.

21. General duties and powers of the licensees.

(1)It shall be the duty of the holder of a supply license or a transmission license in respect of a particular area to develop, provide and maintain an efficient, co-ordinated and economical system of electricity supply or transmission in the area of supply, as the case may be.(2)Each licensee in discharge of its duties shall comply with the provisions of the regulations framed from time to time governing the terms and conditions for the operation and maintenance of power system and electric supply lines.(3)Subject to sub-section (4), sections 12 to 19 of the Indian Electricity Act, 1910 (which relate to the carrying out of Works) shall have effect in relation to a person authorised by a license under this Act to transmit or supply electricity, as if he is a licensee in that Act.(4)Where any of the sections mentioned in sub-section (3) above is applied to a license holder by his license, it shall have effect subject to such restrictions, exceptions and conditions as may be included in the license.

22. Revocation of Licenses.

(1)The Commission may inquire into the conduct or functioning of any licensee in carrying out the obligations under the Act or rules or regulations framed thereunder or the terms and conditions of its license,-(a)on receiving a complaint from any consumer or consumer association or any trade association; or(b)on a reference made to it by the State Government or by the Central Government or the Central Electricity Authority or the Central Electricity Regulatory Commission; or(c)on receiving a complaint from any company or person involved in the generation, transmission, distribution or supply of electricity; or(d)on its own knowledge or information derived from any source.(2)Upon making such inquiry, the Commission may, if in its opinion in the public interest so requires, revoke a license in any of the following cases, namely:-(a)where the licensee, in the opinion of the Commission, has committed a willful or unreasonable default in doing anything required of him by or under this Act, the Indian Electricity Act, 1910 or the Electricity (Supply) Act, 1948 or rules made thereunder to the extent applicable in the State, read with the provisions of this Act ;(b)where the licensee commits a breach of any of the terms and conditions of his license the breach of which is expressly declared by such license to render it liable to revocation;(c)where the licensee fails within the period specified in his license or any longer period which the Commission may allow by order,-(i)to show, to the satisfaction of the Commission, that he is in a position to fully and efficiently discharge the duties and obligations imposed on him by his license; and(ii)to make the deposit or furnish the security required by his license; and(d)where in the opinion of the Commission the financial position of the licensee is such that he is unable to fully and efficiently discharge the duties and obligations imposed on him by his license.(3)Notwithstanding the provisions of sub-sections (1) and (2), where in its opinion the public interest so requires, the Commission may, on the application or with the consent of the licensee and if the licensee is not a local authority, after consulting the concerned local authority, if any, revoke a license as to the whole or any part of the area of transmission or supply upon such terms and conditions as it thinks

fit.(4)No license shall be revoked under sub-section (2) or (3) unless the Commission has given to the licensee not less than three months' notice in writing, stating the grounds on which it is proposed to revoke the license and has considered any cause shown by the licensee within the period of that notice, against the proposed revocation and has given reasons for such revocation.(5)The Commission may, instead of revoking the license, permit it to remain in force subject to such further terms and conditions as it thinks fit to impose and any further terms or conditions so imposed shall be binding upon and be observed by, the licensee and be of like force and effect as if they were contained in the license.

23. Amendment of licenses.

(1)The Commission may, where in its opinion the public interest so permits or requires, on the application of the licensee or otherwise and if the licensee is not a local authority, after consulting the concerned local authority, if any, make such alterations and amendments to the terms and conditions of a license as it thinks fit taking into account the object and purposes of the Act :Provided that no such alterations or amendments, other than an alteration or amendment pursuant to a license condition referred to in sub-section (7) of section 19 or sub-section (5) of section 22 shall be made except with the consent of the licensee.(2)Where the licensee has made an application under sub-section (1) proposing any alterations or amendments in his license, the following provisions shall apply:-(a)The licensee shall publish a notice of the application in the manner and with the particulars as may be specified by regulations;(b)The Commission shall not make any alterations or amendments until all objections received by it with reference to the application within such time from the date of the first publication of the notice have been considered as the Commission may specify by regulations, which shall not be less than 45 days; and(c)In the case of an application proposing alterations or amendments in an area of supply comprising the whole or any part of the cantonment, aerodrome, fortress, arsenal, dockyard or camp or of any building or place in the occupation of the Central Government for defence purposes, the Commission shall not make any alterations or amendments except with the consent of the Central Government.(3)Before making any alterations or amendments in a license otherwise than on the application of the licensee, the Commission shall publish the proposed alterations or amendments and consider all objections received by it with reference to the proposed alterations or amendments within such time from the date of the first publication of the notice which the commission may specify by regulations, which shall not be less than 45 days.

24. Provisions where the licence is revoked.

(1)Notwithstanding the provisions of sections 6 and 7 of the Indian Electricity Act, 1910, where the Commission revokes a license, under sub-section (2) of section 22 the following provisions shall apply:-(a)The Commission shall serve a notice of revocation upon the licensee and shall fix a date on which the revocation shall take effect.(b)The Commission shall invite applications for acquiring the undertaking of the licensee whose license has been revoked and determine the terms and conditions of the sale of the undertaking;(c)The Commission may by notice in writing require the licensee to sell, and thereupon the licensee shall sell the undertaking to the person whose application has been accepted by the Commission. Such person is referred to in this section as the "purchaser";

and(d)The Commission may make such interim arrangement in regard to the undertaking of the licensee for maintaining the electricity transmission and supply as may be considered appropriate including the appointment of administrators and additional directors for the undertaking;(e)On and with effect from the date of revocation or where the undertaking of the licensee is sold to a purchaser earlier to the date of revocation in pursuance of any of the provisions of the Act , on and with effect from such date of purchase, all the rights, duties, obligation and liabilities of the licensee under this Act shall cease and stand determined except for any liabilities that have accrued prior to that date.(2)Where an undertaking is sold under sub-section (1), the purchaser shall pay to the licensee the purchase price of the undertaking determined in accordance with the application submitted by the purchaser, subject however to the Commission's directions to deposit any part of the purchase price towards payment of any fines, charges, or compensation levied on the licensee or any other amount due or outstanding from the licensee under any orders passed by the Commission.(3)Where the Commission issues any notice under sub-section (1) requiring the licensee to sell the undertaking, it may by such notice require the licensee to deliver and thereupon the licensee shall deliver on a date specified in the notice, the undertaking to the designated purchaser pending the payment of the purchase price of the undertaking :Provided that in any such case, the purchaser shall pay interest at such percent not less than the Reserve Bank lending rate ruling at the time of delivery of the undertaking as the Commission may decide, on the purchase price for the period from the date of delivery of the undertaking to the date of payment.(4)Where before the date fixed in the notice issued under sub-section (1)(a) as the date on which the revocation of the license shall take effect, no notice has been issued to the licensee requiring him to sell the undertaking or where for any reason no sale of the undertaking has been effected under that sub-section, the State Government shall acquire the undertaking on the date of revocation of the license and shall pay to the licensee the book value of the undertaking as on the date of acquisition and shall perform all the obligations of the licensee until such time as the State Government is able to sell the undertaking to a new licensee, which it shall endeavour to do when reasonably practicable. The State Government shall make payment of the book value of the undertaking on the date of acquisition after State Government is able to sell the undertaking to a new licensee:Provided that such payment in any case be made within a period of one year from the date of such acquisition by the State Government.(5)The licensee shall duly implement the orders of the Commission, notwithstanding that the licensee may be aggrieved by the orders of the Commission and intends to take legal action challenging the orders of the Commission.

25. General restriction on the licensees.

(1)No licensee or generating company shall, at any time, without the previous consent in writing of the Commission, acquire by purchase or otherwise the licence or the undertaking of, or associate himself with, so far as the business of generating, transmitting, distribution or supply of energy is concerned, any other licensee or person generating, transmitting, supplying or intending to generate, transmit or supply electricity :Provided that before granting consent the Commission may publish such notices inviting objection and hear such persons or authority as the Commission may consider appropriate and specify by regulations.(2)The licensee shall not, at any time, assign his licence or transfer his undertaking, or any part thereof, by sale, mortgage, lease, exchange or otherwise without the previous consent in writing of the Commission.(3)A holder of a supply or

transmission licence may, unless expressly prohibited by the terms of its licence, enter into arrangements for the purchase of electricity from, - (a) the holder of a supply licence which permits the holder of such licence to supply energy to other licensees for distribution by them; and (b) any person or generating company with the consent of the Commission. (4) Any agreement relating to any transaction of the nature described in sub-sections (1), (2), or (3) unless made with, or subject to, such consent as aforesaid, shall be void.

26. Annual accounts of the licensee.

- Every licensee shall, unless expressly exempted by the licence, prepare and render to the Commission on or before the date in each year specified in the licence an annual statement or statements of accounts of its undertaking and of each separate business unit as specified in the licence made up to such date, in such form and containing such particulars, as may be set out in the licence and it shall be a term of the licence that such statements shall be published in the manner specified by regulations.

Part VIII – Tariffs and Financing the Licensees

27. Tariffs.

(1) The holder of each licence granted under this Act shall observe the methodologies and procedures specified by the Commission from time to time, in calculating the expected revenue from charges which it is permitted to recover pursuant to the terms of its licence and in designing tariffs to collect such revenues. (2) The Commission shall, subject to sub-section (3), have the power to lay down methodology and the terms and conditions for determination of revenue of the licensee under sub-section (1) of this section and the determination of tariff, in such other manner as the Commission considers appropriate and for doing so, the Commission shall be guided by the following factors, namely: - (a) the financial principles and their applications provided in sections 46, 57 and 57-A of the Electricity (Supply) Act, 1948 (54 of 1948) and in the sixth schedule thereto; (b) in the case of the Board or its successor entities, the principles under section 59 of the Electricity (Supply) Act, 1948; (c) that the tariff progressively reflects the cost of supply of electricity at an adequate and improving level of efficiency; (d) the factors which would encourage efficiency, economical use of the resources, good performance and optimum investments and other matters which the Commission considers appropriate for the purpose of this Act; and (e) the interest of the consumers are safeguarded and at the same time, the consumers pay for the use of electricity in a reasonable manner based on the average cost of supply of energy; (f) the electricity generation, transmission, distribution and supply are conducted on commercial principles; (g) national and state power plans formulated by the Central or State Government, as the case may be: Provided that the contracts concluded by the Government of Karnataka and/or the Board with generation and transmission companies prior to commencement of the Act shall be deemed to have been approved by the Commission under the provisions of this Act and shall be given effect by the Commission. (3) Where the Commission departs from factors specified in the sixth schedule to the Electricity (Supply) Act, 1948 (Central Act 54 of 1948) while determining revenue of the licensee and tariffs, it shall record

the reasons therefor in writing.(4)Any methodology or procedure specified by the Commission under sub-sections (1), (2) (3) above shall be to ensure that the objectives and purposes of the Act are duly achieved.(5)Any tariff implemented under this Act,-(a)shall not show undue preference to any consumer of electricity, but may differentiate according to the consumer's load factor, power factor, and total consumption of energy during any specified period or the time at which supply is required, or the geographical position of any area , the nature of the supply and the purpose for which the supply is required; or paying capacity of category of consumers and need for cross subsidisation; and(b)shall be just and reasonable and be such as to promote economic efficiency in the supply and consumption of electricity; and(c)shall satisfy all other relevant provisions of the Act, regulations and conditions of the license.(6)The Commission also shall endeavour to fix tariff in such a manner that, as far as possible, similarly placed consumers in different areas pay similar tariff.(7)Every licensee shall provide to the Commission, at such time and in such manner, as may be specified in the regulations, full details of its calculations for the ensuing financial year of the expected aggregate revenue from charges, which it believes to have been permitted to recover pursuant to the terms of its licence and such further information, as the Commission may reasonably require to assess such calculations. Within ninety days of the date on which the licensee has furnished all the information, the Commission shall notify either,-(a)that it accepts the licensee's revenue calculations and tariff proposals; or(b)that it does not consider the licensee's revenue calculations and tariff proposals to be in accordance with the methodology or procedure prescribed, and such notice shall,-(i)specify fully the reasons why the Commission considers that the revenue calculations or tariff proposals furnished do not comply with the methodology, specified procedure or are incorrect;(ii)propose a modification or an alternative calculation of the expected revenue from charges, which the licensee shall accept.(8)The Commission may, at the time of notifying the decision under sub-section (7) or within fifteen days of such decision, determine whether the tariff charged by the licensee is required to be modified and if so, require the licensee to modify the tariff or any part thereof.(9)Each holder of the supply licensee shall publish in a daily newspaper having circulation in the area of supply and make available to the public on request, the tariff for supply of electricity within the area of supply and such tariff shall take effect only after seven days from the date of such publication.(10)No tariff or part of any tariff implemented under sub-section (5) may be amended more than once in any financial year, except in respect of any charges expressly permitted under the terms of any fuel surcharge formula as may be approved by the Commission. At least three months before the proposed date for implementation of any tariff or amendment to a tariff, the licensee shall provide details of the proposed tariff or amendment to a tariff to the Commission, together with such further information as the Commission may require to determine whether the tariff or amended tariff would satisfy the provisions of subsection (5). If the commission considers that the proposed tariff or amended tariff of a licensee does not satisfy any of the provisions of subsection (5), it shall within sixty days of receipt of all the information which it required, and after consultation with the Commission Advisory Committee and the licensee, notify the licensee that the proposed tariff or amended tariff is unacceptable to the Commission and it shall provide to the licensee an alternative tariff or amended tariff which shall be implemented by the licensee. The Commission shall notify its decision on the proposed amended tariff within ninety days of receipt of all information.(11)The licensee shall not amend any tariff unless the amendment has been approved by the Commission and the amended tariff is published in the manner provided under sub-section (9).(12)Notwithstanding anything contained in sections 57-A and 57-B of the

Electricity (Supply) Act, 1948 (54 of 1948), no Rating Committee shall be constituted after the date of commencement of this Act and the Commission shall secure that the licensee comply with the provisions regarding the charges for the sale of electricity, both wholesale and retail, and for connection to, and use of, their assets or system in accordance with the provisions of this Act .Explanation. - (a) In this section "the expected revenue from charges" means the total revenue which the KPTC or the licensees are expected to recover from charges for the level of forecast supply used in the determination under sub-section (7), in any financial year, in respect of goods or services supplied to customers.(b)"tariff" means a schedule of standard prices or charges for specified services which are applicable to all such specified services provided to the type of customers specified in the tariff published.

28. Finances of the Licensees .

(1)The State Government may, with the approval of the State Legislature, from time to time, make subventions to any licensee for the purpose of this Act or the Electricity (Supply) Act, 1948 for such amounts as may be recommended by the Commission and on such terms and conditions as the State Government may determine.(2)The State Government may from time to time advance loans to any licensee or Generating Company which for the time being is wholly or partly owned by the State Government on such terms and conditions, not inconsistent with the provisions of this Act or the Electricity (Supply) Act, 1948, as the State Government may determine.(3)The State Government may guarantee in such manner as it thinks fit, the repayment of the principal or the payment of interest (or both) on any loan proposed to be raised by any licensee or generating company, which is for the time being wholly or partly owned by the State Government or the discharge of any other financial obligation of any licensee, provided that the State Government shall, so long as such guarantees are in force, lay before the State Legislature during the budget session in every year a statement of the guarantees, if any, given during the current financial year of the State and an up-to-date account of the total sums, if any, which have been paid out of State revenues in each case by reason of any such guarantees or paid into State revenues towards repayment of any money so paid out.(4)The State Government shall be entitled to inspect and verify the accounts of every licensee obtaining the benefits under sub-sections (1), (2) and (3) of this section.

Part IX – Commission's Power to pass orders and Enforce Decisions

29. Orders for securing compliance .

(1)Where the Commission is satisfied that a licensee is contravening, or is likely to contravene any relevant condition or requirement of its license, it shall by final order under section 30 and, if it thinks fit appropriate in accordance with sub-section (2), by interim order under this section, issue such directions as it deems proper for securing compliance.(2)In determining whether it is appropriate that interim order be made, the Commission shall have regard, in particular to,-(a)the extent to which the contravention or likely contravention by the licensee will affect the achievement of the objects and purposes of this Act;(b)the extent to which any person is likely to sustain loss or

damage in consequence of anything which is likely to be done, or omitted to be done, in contravention of the relevant condition or requirement, before a final order can be made; and (c) the extent to which (having regard to the following provisions of this section) there is any other available remedy in respect of the alleged contravention of a relevant condition or requirement. (3) If the Commission proposes to make an interim order, it shall give notice to the licensee, - (a) stating that it proposes to make the order, setting out, - (i) the relevant conditions or requirement, which the proposed order, is intended to secure compliance; (ii) the acts or omissions which, in its opinion constitute contravention of that condition or requirement; (iii) the other facts which in its opinion, justify the making of the proposed order; and (iv) the effects of the proposed order; and (b) specifying the period (being not less than 5 days from the date of notice) within which the licensee may make representations or objections to the proposed order. (4) Subject to sub-section (5), and after considering any representations or objections from the licensee pursuant to sub-section (3) (b), the Commission may make an interim order (which may be modified from the proposed order following the licensee's representations or objections) at any time after the expiry of the period referred to in sub-section (3), if, - (a) the Commission has good reason to believe that the licensee to whom the order relates has contravened or is contravening or is likely to contravene any relevant condition or requirement; and (b) the provisions made by the order are requisite for the purpose of securing compliance with that condition or requirement. (5) The Commission may not make an interim order if it is satisfied that the licensee has agreed to take and is taking all such steps as the Commission considers that the licensee should take to secure or facilitate compliance with the condition or requirement in question. (6) An interim order, - (a) shall require the licensee to whom it relates (according to the circumstances of the case) to do, or not to do, such things as are specified in the order or are of a description so specified; (b) shall take effect from such time, being the earliest practicable time, as is determined by the order; and (c) may be revoked, modified or rescinded at any time by the Commission, but in any event shall cease to have effect at the end of such period as is stated in the order unless the Commission is at that time following the procedure set out in Section 30 to declare the interim order to be a final order. (7) As soon as practicable after making an interim order, the Commission shall, - (a) serve a copy of the order on the licensee to whom the order relates; (b) publish the order in such manner as it considers appropriate for the purpose of bringing it to the attention of persons likely to be affected by it; and (c) commence proceedings to declare the interim order to be a final order in accordance with section 30.

30. Final orders for securing compliance .

(1) If the commission proposes to make a final order or to declare an interim order to be a final order, it shall give notice, - (a) stating that it proposes to make the final order or to declare the interim order to be a final order; (b) setting out the information referred to in sub-section (3) (a) of section 29 in respect of the proposed final order; and (c) specifying the period (being not less than 60 days from the date of publication of the notice) within which representations or objections to the proposed order may be made; and shall consider any representations or objections that are duly made and not withdrawn and publish notice of such representations or objections and specify a period (being not less than thirty days from the date of publication of the notice) within which further representations or objections may be made. (2) A notice under sub-section (1) shall be given, - (a) by publishing the notice in such manner as the Commission considers appropriate for the purpose of bringing the

matters to which the notice relates to the attention of persons likely to be affected by them; and(b)by serving a copy of the notice and a copy of the proposed final order on the licensee to whom the order relates.(3)The Commission shall not modify the proposed final order as a result of any representations or objections received after publications of the notice referred to in sub-section (1), unless,-(a)the licensee to whom the proposed final order relates has consented to the modifications; and(b)the requirements of sub-section (4) are complied with.(4)The requirements referred to in clause (b) of sub-section (3) are that the Commission shall,-(a)serve on the licensee to whom the proposed final order relates such notice as appears to the Commission requisite of its proposal to modify the proposed final order, together with details of such modifications;(b)in that notice specify the period (being not less than 30 days from the date of the service of the notice) within which representations or objections to the proposed modifications can be made; and(c)consider any representations or objections, which are duly made and not withdrawn within 10 days of the receipt thereof.(5)The provisions of clauses (a) and (b) of sub-section (6) of section 29 shall apply to final orders.(6)As soon as practicable after making a final order, the Commission shall with respect to the final order, follow the procedure set out in clauses (a) and (b) of sub-section (7) of section 29.(7)The Commission may revoke a final order at any time, but before revoking a final order the Commission shall give notice,-(a)stating that it proposes to revoke the order and setting out its effect; and(b)specifying the period (being not less than thirty days from the date of delivery of the notice) within which representations or objections to the proposed publication may be made and shall consider any representations or objections which are duly made and not withdrawn within ten days of the receipt thereof.(8)If after giving notice under sub-section (7), the Commission decides not to revoke the final order to which the notice relates, it shall give notice of its decision to the concerned persons in the same manner as set out in clauses (a) and (b) of sub-section (7) of section 29.

31. Effect and enforcement of interim and final orders and emergency provisions.

(1)Without prejudice to section 47 of this Act, all orders and directions, interim or final, passed by the Commission shall be enforceable in law as if it were a decree passed by a Civil Court.(2)The Commission shall be entitled to take such assistance of the police and other authorities in the State required to effectively enforce the orders and directions given by the Commission.(3)The Commission shall be entitled to give directions for vesting of the management and control of any of the undertaking of the licensee with the assets, interests and rights of the undertaking pending any inquiry and passing of interim or final orders in the matter, if the Commission considers, taking into account the object and purposes of this Act and the need to maintain continued supply of electricity in an efficient and safe manner to the consumer, it is imminent to pass such order or directions. Such directions or orders shall not be questioned on the ground that no prior notice of or hearing on the intention to pass the order or direction was given to the licensee. The Commission shall however give opportunity to the licensee and hear the licensee before passing further orders in terms of sections 29 and 30.

32. Fines and charges.

(1)The Commission shall be entitled to impose such fines and charges as may be specified by the Commission in the regulations for non-compliance or violation on the part of the generating companies, licensees or other persons, of the provisions or requirements of this Act or rules and regulations framed thereunder and directions or orders of the Commission made from time to time. The fines, which the Commission shall be entitled to impose, may extend upto rupees five lakhs for an act of non compliance or violation and a further amount not exceeding rupees twenty thousand for every day during which the non-compliance or violation continues.(2)The Commission shall, while making an interim or final order under this Part, be entitled to direct compensation to be paid by the person guilty of violation or non-compliance as provided in sub-section (1) to the person or persons affected by such violation or non compliance.(3)The fines, charges and compensation which may be imposed by the Commission under this section shall be in addition to, and not in derogation of, any other liability, which the person guilty of violation or non compliance, may have incurred.
