29.

-A. Applicability of this Chapter.-Nothing in this Chapter shall apply to persons who are employed purely on temporary or casual basis for a continuous period not exceeding six months.

29.

-B. Initial and periodical medical examinations.-After such date or dates as the Central Government may by notification in the Official Gazette appoint in this behalf, the owner, agent or manager of every mine shall make arrangements-(a)(i)for the initial medical examination of every person employed in the mine, within a period of five years of the date so notified and the said examination

shall be so arranged over a period of five years that one-fifth of the persons employed at the mine undergo the examination every year: Provided that in the case of a mine where a system of carrying out of such medical examination (of a comparable standard as determined by the Chief Inspector) is already in existence before the date aforesaid, a person who has undergone a medical examination under such a system on a date not earlier than five years before the date aforesaid, shall be deemed to have undergone an initial medical examination under this sub-clause and the last date of his medical examination under the said system shall be taken to be the date of his initial medical examination under these rules; (ii) for the initial medical examination of every person seeking employment in a mine, unless such person has already undergone, within the preceding five years, a medical examination under these rules while in employment at another mine; and (b) for the periodical medical examination thereafter of every person employed in the mine at intervals of not more than five years: [Provided that, for the persons who are engaged in the process of mining or milling of asbestos ore, periodic medical examination shall be done at least once in every twelve months and every such examination shall include all the tests specified in Form "P" of the First Schedule except the X-ray examination, which shall be carried out once in every three years: Provided further that the periodic medical examination or the X-ray examination or both, shall be conducted at more frequent intervals if the examining authority deems it necessary to confirm a suspected case of dust-related disease.] [Inserted by G.S.R. 707(E), dated 21.7.1989.]

29.

-C. Examining authorities.-The medical examination aforesaid shall be carried out by a Medical Officer appointed for the mine or a Medical Officer in the employment of the owner of the mine, if any, or by any Medical Officer employed in the Coal Mines Welfare Fund Organisation or any other mines welfare organisation, failing which by any State or Central Government medical officer not below the rank of an Assistant Civil Surgeon.

29.

-D. Notice of medical examination.-(1) In respect of every medical examination under rule 29-B, the manager of the mine concerned shall give at least twenty days' prior notice in writing to the person to be examined, in Form M, provided that in case of the initial medical examination of a person seeking employment at a mine, the period of notice may be shorter. (2) A copy of every such notice issued shall be sent by the manager to the examining authority and in the case of periodical medical examination of a person, the copies of the previous medical certificate issued in Form O, pertaining to the persons concerned shall also be sent to the examining authority by the manager. (3) A person, who for any reasonable cause, fails to submit himself for a medical examination in accordance with the notice issued to him under sub-rule (1), shall be given a second notice of a minimum period of ten days in Form N, by the manager and a copy of every such notice shall be sent by the manager to the examining authority. (4) The examining authority shall inform the manager whether the person concerned has submitted himself for medical examination or not.

29.

-E. Failure to undergo medical examination.-A person who, without reasonable cause, fails to submit himself for medical examination in accordance with a notice issued to him under sub-rule (3) of rule 29-D, shall be liable to be discharged from service: Provided that a person who renders himself so liable to be discharged for failure to submit himself for medical examination shall be required to show cause why he could not comply with the notice within the time specified therein. If his explanation is found satisfactory by the management, he shall be given another chance to appear for medical examination. In case his explanation is not found satisfactory by the management, his service shall be terminated by the management: Provided further that in case of any dispute, the same shall be referred to the Chief Inspector for his decision within 60 days of the order communicated by the owner, agent or manager of the mine to the said person.

29.

-F. Standard and report of medical examination.-(1) The examining authority holding initial medical examination under sub-clause (i) of clause (a), or periodical medical examination under clause (b) of rule 29-B shall examine a person according to the standard laid down in Form P and the initial medical examination under sub-clause (ii) of clause (a) of rule 29-B of all persons seeking employment in a mine shall be according to the standard laid down in Form P-I.(2) As soon as may be, after examination, a copy of the medical certificate in Form O, shall be issued by the examining authority to the person concerned by registered post or delivered under receipt and another copy sent to the manager of the mine concerned by registered post, or delivered under receipt.(3) The examining authority shall retain the third copy of the medical certificate.(4) In the case of periodical medical examination of a person, the examining authority shall also send the copy of the previous medical certificate of the person concerned received in pursuance of sub-rule (1) of rule 29-D to the manager of the mine concerned.

29.

-G. Retention and transfer of medical certificates.-(1) All medical certificates [including all medical examination records with medical history and job details to depict the occupational dust exposure profiles,] [Inserted by G.S.R. 707(E), dated 21.7.1989.] of persons employed or to be employed in a mine shall be retained in the possession of the manager of the mine so long as the person is employed in the mine and for a period of [ten years] [Substituted by G.S.R. 707(E), dated 21.7.1989.] thereafter: Provided that the manager of a mine where such person is or was employed shall, if so requested by the manager of any other mine where the person is to be employed, send to him all medical certificates with respect to such person.(2) If the examining authority who conducts medical examination of persons employed or to be employed in any mine, is relieved of his duties regarding medical examination, the medical practitioner shall transfer all records on medical examination in his possession to the manager of the mine concerned.

29.

-H. Identity of candidates.-(1) Every candidate for medical examination under clause (a) of rule 29-B shall, at the time of examination hand-over three unmounted photographs (passport size) of himself to the examining authority. The examining authority, after satisfying itself that each photograph is a likeness of the candidate, shall endorse each of them with the name and father's name or husband's name of the candidate.(2)The examining authority, shall also record the left hand thumb-impression or the signature of every candidate appearing before it for medical examination on the copies of the medical certificate in Form O.

29.

-I. Medical examination of women.-No woman shall, without her consent, be medically examined by a male medical practitioner except in the presence of another woman.

29.

-J. Appeal for re-examination.-(1) Where as a result of an initial medical examination under clause (a), or of a periodical medical examination under clause (b) of rule 29-B, a person has been declared unfit for employment in mines or in a particular category of mine or in any specified operations in mine, he may, within thirty days of the receipt by him of a copy of the Certificate referred to in sub-rule (2) of rule 29-F, file an appeal with the manager of the mine against declaration aforesaid, and request for a medical re-examination by an Appellate Medical Board constituted under rule 29-K.(2)(a)The manager shall arrange to have the appellant medically re-examined by the Appellate Medical Board within thirty days of the receipt of the appeal and shall give to the Appellant fifteen days' prior notice of the medical re-examination by the Appellate Medical Board in Form Q.(b)A person who, for any reasonable cause, fails to submit himself for a medical re-examination in accordance with the notice given to him under clause (a), shall be given another notice in Form R in similar manner.(c)A person who, without reasonable cause, fails to submit himself for a medical re-examination in accordance with a notice given to him under clause (b) shall cease to be in employment at the time or in a particular category of mines or in any specified operations in mine, as the case may be, after the expiry of thirty days from the last date notified for his medical re-examination.(3)In respect of every medical re-examination by the Appellate Medical Board, the appellant shall pay such fees and the medical examination shall be conducted in such manner as may be determined by the Appellate Medical Board. In case the Appellate Medical Board finds him fit for employment in mines, the fees shall be reimbursed in full to the appellant by the owner of the mine where he is employed.

29.

-K. Constitution of Appellate Medical Board.-For the purpose of medical re-examination on appeal the Appellate Medical Board shall consist of the following officers, namely:-(a)One duly qualified Medical Officer in the employment of the Directorate General of Mines Safety who shall also act as

the Convenor of the Board.(b)One Medical Officer duly qualified in allopathic system of medicine to be nominated by the Chief Inspector in consultation with the Welfare Organisation set up by the Central Government for the persons employed in the mine.(c)One Medical Officer duly qualified in allopathic system of medicine employed in the State or Central Government or a Government Undertaking and not below the rank of Assistant Civil Surgeon:Provided that if a Medical Officer under clause (b) or clause (c) is not available, the Appellate Medical Board shall be constituted with two persons only.

29.

Health And Sanitation Provisions

30. Quantity of drinking water

.- (1) The quantity of drinking water to be provided in a mine or any part thereof shall be on a scale of at least [two litres] [Substituted by G.S.R. 31, dated 29.12.1960.] for every person employed at any one time and such drinking water shall be readily available at conveniently accessible points during the whole of the working shift. (2) Where 100 persons or more are employed, either above ground or in open cast workings at any one time an Inspector may by order in writing require the drinking water to be effectively cooled by mechanical or other means available. (3) No charge shall be made for the drinking water so supplied.

31. Storage of drinking water

.- [(1) If drinking water is not provided from taps connected with constant water supply system, it shall be kept cool in suitable vessels sheltered from weather and such vessels shall be emptied, cleaned and refilled every day. Steps shall be taken to preserve the water, the storage vessels and the vessels used for drinking water in a clean and hygienic condition.] [Substituted by G.S.R. 1786, dated 30.9.1970.] (2) If the source of drinking water is not from a public water supply system, an Inspector may by order in writing require the owner, agent or manager of the mine to submit with the least possible delay a certificate from a competent health authority or analyst as to the fitness of the water for human consumption.

32. Decision of Chief Inspector final

.- If any question arises as to whether water supply arrangements are satisfactory and in accordance with the requirements of section 19 and rules 30 and 31, the decision of the Chief Inspector shall be final.

33. Surface latrines and urinals

.- (1) On the surface at every mine adequate latrine and urinal accommodation shall be provided at conveniently accessible places separately for the use of males and females employed in the mine. (2) The scale of latrine accommodation shall be at least one seat for every 50 males and at least one seat for every 50 females employed at any one time: Provided that where sanitary latrines are maintained in bathing places, the number of latrines to be provided under this rule may include such sanitary latrines. Note.- In calculating latrine accommodation, any fraction less than 50 shall be reckoned as 50.

34. Standards of construction

.- Every latrine on the surface provided for the use of persons employed in a mine shall conform to the following standards of construction- (a) it shall be on a site approved of in writing by an Inspector; (b) it shall be built of brick or other suitable building material; (c) it shall be adequately drained and properly ventilated and afforded effective protection from the weather; (d) it shall be of a

type approved of in writing by an Inspector;(e)the floors and any interior surface of walls up to a height of [1.25 metres] [Substituted by G.S.R. 31, dated 29.12.1960.] shall be cement punned or otherwise so finished as to provide a smooth impervious surface;(f)it shall be partitioned off so as to secure privacy and shall have a proper door and fastenings and where a latrine intended for the use of one sex adjoins a latrine intended for the use of other sex, the approaches shall be separate;(g)where a latrine is of the service type, the service chamber shall be provided with an efficient trap door and the receptacles for night-soil shall be of galvanised iron;(h)the interior walls, ceilings and partitions shall be white-washed once at least in every four months, and the date of such white-washing shall be recorded in a book kept at the mine for the purpose:Provided that this requirement regarding white-washing shall not apply to those parts of walls, ceilings or partitions which are laid in glazed tiles or otherwise finished so as to provide a smooth, polished and impervious surface but all these parts shall be washed with suitable detergents and disinfectants at least once in every seven days.

35. Sign boards to be displayed

.-Where persons of both sexes are employed there shall be displayed outside each latrine a signboard in the language understood by the majority of work persons "For Males" or "For Females" as the case may be. Each signboard shall also have the figure of a man or a woman as the case may be.

36. Provision of water for washing, etc

.- (1) Where a piped water supply is available, a sufficient number of water taps, conveniently accessible, shall be provided in or near such latrines. (2) If piped water supply is not available a sufficient quantity of water shall be kept stored in suitable receptacles near such latrines.

37. Underground latrines

.-If in any mine more than fifty persons are employed underground at any one time, latrines shall be provided underground on a scale approved by an Inspector at convenient points near the working shafts and at entrances to the districts or sections of the mine. The latrines shall be of a type approved of in writing by an Inspector.

38. Sanitation

.- (1) At every mine all underground working places and travelling roadways shall be kept clean from excreta. (2) All latrines and urinals in or about a mine shall be kept in a clean and sanitary condition. (3) Receptacles for night soil shall be cleaned and disinfected at least once in every day. (4) Proper arrangements shall be made on the surface for the disposal of night soil and urine. Such arrangements shall comply with the requirements of any health authority or Mines Board within whose jurisdiction the mine is situated.

39. Obligation of work persons

.- (1) No person shall wantonly misuse or damage the latrines provided either on the surface or underground. (2) No person shall pollute the underground workings of a mine with excreta. All persons employed underground shall acquaint themselves with the sanitary arrangements provided from time to time in the sections of the mine in which they have to work or pass.

- 1. The person should be in good mental and bodily health and free from any physical defect likely to interfere with his efficient employment in a mine.**
- 2. Skeletal nervous system. - The limbs should be well formed and developed, and the function of all the limbs should be within normal limits. Any deformity should be recorded. There should be no deformity or paralysis which may interfere with his efficient employments in a mine.**
- 3. Skin. - There should be no evidence of extensive and chronic skin disease or ulceration. In case of infective type of skin disease, the candidate could be made fit after he has undergone a treatment. All occupational skin diseases should be noted.**
- 4. (a) Eye vision should be not less than the following standard:-**

(1) Better eye.....6/12 (2) Worse eye.....6/18 (b) There should be no night blindness for persons employed below ground and for persons employed in open cast working in shifts other than in mornings shifts. (c) A person having only one eye which functions normally should not be employed below ground, For employment on surface the vision of such a person in the other eye should be 6/18 with or without glasses.
- 5. Hearing should be good. Any progressive disease affecting hearing/or occupational deafness should be recorded.**
- 6. Speech must be without serious impediment. Unless this is also accompanied by generalised partial paralysis this should not be a reason for declaring unfit.**
- 7. (a) Respiratory system should be sound and free from any chronic bronchial or laryngeal disease. This however alone should not be reason to make unfit.**

(b) [A full sized postero-anterior chest radiograph (large enough to include thoracic-inlet and both costophrenic angles) obtained by an X-ray machine of at least 300 mA (Milli-Ampere) strength shall be evaluated in the manner specified by the Chief Inspector and Lung function test (spirometry) to record forced vital capacity (FVC) and forced expiratory volume in one second (FEV1) shall be made. There should not be any evidence of active pulmonary disease.] [Substituted by G.S.R. 707 (E), dated 21-7-1989.] If there are evidence of active pulmonary tuberculosis he may be permitted to

work if his sputum is negative on repeated examination and on production of a certificate that he is taking treatment from a qualified medical practitioner/Hospital.

8. Circulatory system. - There should be no evidence of any heart or vascular disease which may interfere with his efficient employment in a mine.

9. In case the candidate has hernia he may be declared fit after he has been successfully operated for the same.

10. Hydrocele if present should not be large enough to impede the normal activities of the candidate. In such cases he may be declared fit after being successfully operated.

11. The medical examination should include examination of urine and of other system for evidence of disease. Mere presence of albumen and sugar in the urine without any gross organic disease producing signs and symptoms should not be considered as a disability.

Form P-1(See rule 29-F(1) and 29-L)Medical Standard Of Fitness For Persons To Be Employed In Mines

1. The person should be in good mental and bodily health and free from any physical defect likely to interfere with his efficient employment in a mine. Due allowance in the standard should be made for the age of a candidate.

2. Locomotor system. - The limbs should be well formed and developed and the function of all the limbs should be within normal limits. Any deformity should be recorded. There should be no deformity or paralysis which may interfere with his efficient employment in a mine. Any deformity noted should be recorded.

3. Skin. - There should be no evidence of extensive and chronic skin disease or ulceration.

4. (a) Distant vision eye with or without glasses should be not less than the following standard :-

For workers employed on surface and in opencast workings

For workers employed below ground

- | | | |
|---------------|------|-----|
| 1. Better eye | 6/12 | 6/6 |
| 2. Worse eye | 6/18 | 6/9 |

(b) Night blindness should be tested in special cases only in underground workers where the examining authority considers it necessary. (c) A person having only one eye which functions normally should not be employed below ground. For employment on surface the vision of such a person in the other eye should be 6/12 with or without glasses. A person will be considered uniocular when there is physical loss of one eye or when there is functional loss of vision of one eye. (d) Colour blindness will be tested only in special cases where the job requires good colour discrimination. Only low grade colour perceptions will be tested with Edridge Green's lantern. (e) There should not be squint where binocular vision is essential. (f) There should not be any organic disease of the eye which is likely to affect the distant vision within a period of five years.

5. Hearing should be good. Any progressive disease effecting hearing should be recorded. The candidate should be able to hear conversational voice from a distance of 3 metres.

6. Speech must be without serious impediments.

7. (a) Respiratory system should be sound and free from any chronic laryngeal bronchial pulmonary disease. Tuberculosis of lungs if not active should not be a disqualification.

(b) [A full sized postero-anterior chest radiograph (large enough to include thoracic inlet and both costophrenic angles) obtained by an X-ray machine of at least 300 mA strength shall be evaluated in the manner specified by the Chief Inspector and Lung function test (spirometry) to record forced vital capacity (FVC) and forced expiratory volume in one second (EFVI)] [Substituted by G.S.R. 707 (E), dated 21-7-1989.] should be made and there should not be any evidence of active pulmonary disease.

8. Circulatory system. - There should be no evidence of cardiac or vascular disease which may interfere with his efficient employment in a mine.

9. There should not be any evidence of disease of abdominal organs which is likely to affect his efficient discharge of duty in a mine.

10. In case the candidate has hernia, he may be declared fit after he has been successfully operated for the same.

11. Hydrocele if present should not be large enough to impede the normal activities of the person. If it is large enough he may be declared fit after being successfully operated.

12. The nervous system should be sound. Persons with history of epilepsy or any other type of organic or historical fits should not be declared fit for employment in a mine.

13. The medical examination should include examination of urine. Mere presence of albumen and sugar in the urine without any gross organic disease producing signs and symptoms should not be a disability.

14. Skiagram of the chest should also be obtained. If it is necessary the medical officer may direct the candidate to obtain the result of special tests or/and the opinion of a specialist from recognised institution/hospital.
