Preliminary

1. Short title and commencement.

(1)These rules may be called the Rajasthan Boiler Operation Engineers' Rules, 1967.(2)These rules shall extend to the whole of the State of Rajasthan.(3)They shall come into force at once.

2. Definitions.

- In these rules, unless the context otherwise requires-(a)"The Act" means the Indian Boilers Act, 1923 (Central Act V of 1923);(b)"Board" means the Board of Examiners constituted under these rules;(c)"boiler" includes an economiser;(d)"Boiler Attendant" means a person holding a certificate of competency as an attendant under the Rajasthan Boiler Attendants Rules, 1954;(e)"Boiler Operation Engineer" means a person granted a certificate of proficiency as a Boiler Operation Engineer under these rules;(f)"Chairman" means the Chairman of the Board;(g)"Form" means a form appended to these rules;(h)"Secretary" means the Secretary to the Board;(i)"Section" means a section of the Act.II. General

3. Boiler to be incharge of a person holding a Boiler Operation Engineer's Certificate.

- After two years of the coming into force of these rules the owner of one or more boilers connected in a battery or of so many separate individual boilers situated within a radius of 25 metres (75 ft.) having a total heating surface exceeding 697 square metres (7,500 sq. ft.) shall not use the name or permit the same to be used unless the boiler or boilers are placed in the direct charge of a competent person specified in Rule 4 in addition to such number of boiler attendants as may be specified by the Chief Inspector of Boilers: Provided that the Chief Inspector of Boilers may permit any boiler to remain in operation for a maximum period of three months notwithstanding anything contrary contained in these rules: Provided further, that nothing in these rules shall debar a person holding a certificate of competency granted under Rajasthan Boiler Attendant Rules, 1954 from remaining in attendance or incharge of a boiler or boilers to the extent of his qualification indicated in such certificate.

4. Competent person to hold charge of a boiler.

- No person who does not possess a certificate of proficiency as a Boiler Operation Engineer under these rules shall be deemed to be a fit and proper person to hold charge of a boiler or boilers exceeding the limits laid down in Rule 3.

5. Production of Certificate.

- A Boiler Operation Engineer holding a certificate of proficiency under these rules shall at all reasonable times during the period any boiler is in his charge or attendance, be bound to produce such certificate when called upon to do so by any of the persons empowered under Section 15 to call for the production of a certificate or a provisional order granted under the Act.

6. Owner to furnish Chief Inspector with particulars of certificate.

(1) The owner of a boiler who engages any person to be incharge thereof shall within seven days of such engagement, furnish the Chief Inspector full particulars of such person including the serial number, date and place of issue of his certificate. (2) The owner of a boiler who engages any person to hold charge of such boiler, in the event of such person leaving his employment or in the event of the death of such person, report the fact within seven days to the Chief Inspector.

7. Immediate charge of a boiler-Meaning of and provision for reliefs.

(a) A person incharge of a boiler shall be deemed to be in direct and immediate charge of the same when he is within 46 metres (150 feet) of such a boiler. Notwithstanding anything herein before contained, the Chief Inspector may, at his discretion, permit a Boiler Operation Engineer, holding a certificate of proficiency under these rules to be incharge of batteries of boilers as he deems fit, and further may permit a Boiler Operation Engineer freedom of movement to such a distance from any

boiler battery, on such conditions as he may consider necessary.(b)A person incharge of a boiler or boilers for which a certificate of proficiency is required under these rules may be relieved of charge in any one day for not more than two periods, which when combined do not exceed two hours in duration by a person holding a first class certificate of competency as an attendant under the Rajasthan Boiler Attendants' Rules, 1954.(c)The holder of a first class certificate of competency as an attendant may also with the consent in writing of the Chief Inspector, relieve a person holding a certificate of proficiency as an Operation Engineer for a period which may extend to ten consecutive days which, in special circumstances, the Chief Inspector may extend to any length of time not exceeding thirty days at a time.

8. When boiler is deemed to be in use.

(a)A boiler shall be deemed to be in use for the purpose of these rules when there is fire in the furnace, firebox or fireplace for the purpose of heating the water in the boiler or under banked fire condition. A boiler shall be deemed to be not in use only when the fire is removed and all steam and water connections are closed.(b)An economiser shall be deemed to be in use for the purpose of these rules when there is flow of fuel gases past the economiser and an appreciable heat transfers between the water and the heating gases.III.
