The U.P. (Regulation Of Building Operations) Act, 1958(U.P. Act No. 34 Of 1958)Statement Of Objects And Reasons - It has been observed that there is a tendency of haphazard building construction round about growing towns and ultimately such constructions with no proper means of drainage, water supply, communication and no proper sanitation affect adversely the town besides being themselves a source of anxiety to the authorities concerned. An instance in point is the building activity between Ghaziabad and Delhi which is taking place at fast speed because people who do not get land in Delhi or are refused permission to raise constructions often try to get land near the border of Delhi. Government of India are also feeling deeply concerned with this particular case. Under the present law building activity is regulated only within municipalities and notified areas but there is no power to regulate such activity outside urban areas. It appears necessary to take such power through legislation on the lines of the Delhi (Regulation of Building Operations) Act, 1955, enacted by Parliament, so that if in any area it appears desirable that building activity be regulated to check the aforesaid tendency and for furthering the industrial development of the State the provisions of the enactment may be extended to it. This Bill is being introduced with these objects.Received the assent of the President on 08.10.1958 and was published in the Uttar Pradesh Gazette, Extraordinary, dated 16.10.1958.An Act to provide for the Regulation of Building Operations in Uttar PradeshWhereas it is expedient to provide for the regulation of building operations with a view to prevent haphazard development of urban and rural areas;It is hereby enacted in the Ninth Year of the Republic of India as follows:

### 1. Short title, extent and commencement. -
