## **13. Evaluation of financial and technical scores.**

-(i) The total score shall be obtained by weighting the technical and financial scores and adding them. The weight for the financial score shall be as prescribed by the Commission in each case taking into account the complexity of the assignment and the relative importance of quality. However, the weight will never exceed 0.3 for the financial score in any case.(ii)The Commission may appoint a negotiating Committee to enter into both technical and financial negotiations. ## **16. Conflict of interest.**

-Consultants shall not be hired for any assignment that would be in conflict with their prior or current obligations to other clients or that may place them in a position of not being able to carry out the assignments objectively and impartially.

## **17. Saving of inherent power of the Commission.**

-Nothing in these provisions shall bar the Commission from adopting a procedure which is at variance with any of the provisions of these Regulations, if the Commission, in view of the special circumstances of the matter or class of matters and for reasons to be recorded in writing, deems it necessary or expedient to depart from the procedure prescribed in the regulations.

## **18. General power to amend.**

-The Commission may at any time and on such terms as it may think fit amend any provision of these Regulations for the purpose of meeting the objectives with which these Regulations have been framed.
