Tamil Nadu Electricity Supply Undertakings (Acquisition) Act, 1954 (Tamil Nadu Act 29 of 1954) Statement of Objects and Reasons - Tamil Nadu Electricity Supply Undertakings (Acquisition) Act, 1954 (Tamil Nadu Act XXIX of 1954). - For Statement of Objects and Reasons, Please see in Part IV-A (page 9) of the Fort St. George Gazette Extraordinary, dated the 3rd May 1954. Statement of Objects and Reasons - Tamil Nadu Electricity Supply Undertakings (Acquisition) (Amendment) Act, 1957 (Tamil Nadu Act VI of 1957). - In a judgment delivered in February 1954, the Supreme Court of India held that, under the Government of India Act, 1935, the Provincial Legislature was not competent to enact the Madras Electricity Supply Undertakings (Acquisition) Act, 1949 (Madras Act XLIII of 1949), and that accordingly that Act was invalid. The provisions of the 1949 Act had, therefore, to be re-enacted as the Madras Electricity Undertakings (Acquisition) Act, 1954 (Madras Act XXIX of 1954), by virtue of the powers conferred on the State Legislature by the Constitution. It has been pointed out that the short title and the preamble to the new Act as now worded are capable of the interpretation that the Act confers on the Government power to acquire all types of electrical undertakings and not merely electricity supply undertakings in the State. It was not the intention of the Government to take such wide powers; all that the Government intended was that they should have power to acquire electricity supply undertakings. The Bill seeks to make the intention clear. Apart from this, the Bill provides for certain other amendments of a minor character which have been found necessary in the light of the working of the Act. Published in Part IV-A of the Fort St. George Gazette Extraordinary, dated the 3rd May 1957. Statement of Objects and Reasons - Tamil Nadu Electricity Supply Undertakings (Acquisition) (Amendment) Act, 1969 (Tamil Nadu Act 11 of 1969). - Section 10 of the Tamil Nadu Electricity Supply Undertakings (Acquisition) Act, 1954 (Tamil Nadu Act XXIX of 1954), as it stands now, provides for deduction from the compensation payable to the licensees whose undertakings are taken over by the Government, the amount, if any, due from licensee to the Government for energy supplied by the Government before the vesting date and the like. This is because when the Act was enacted, the generation and supply of energy to

licensees was under the control of the Government. After the constitution of the Tamil Nadu Electricity Board under the provisions of the Electricity (Supply) Act, 1948 (Central Act LIV of 1948), it is the Board that is supplying energy to licensees. To enable the dues to the Electricity Board being deducted from the compensation payable to the licensees whose undertakings are taken over, it is considered necessary to amend the relevant provisions of the Act, by adding the words "or the Board" and "and the Board", as the case may be, after the word "Government" in section 10.2. The Bill seeks to achieve the above object. Published in Part IV-A of the Fort St. George Gazette Extraordinary, dated the 22nd August 1969. Received the assent of the President on the 9th October 1954 and first published in the Fort St. George Gazette Extraordinary, dated the 13th October 1954.
