### **3. Directions to manufacturers of active pharmaceutical ingredients or bulk drugs or formulations.**

- The Government may, -(i)with a view to achieve adequate availability and to regulate the distribution of drugs, in case of emergency or in circumstances of urgency or in case of non-commercial use in public interest, direct any manufacturer of any active pharmaceutical ingredient or bulk drug or formulation to increase the production and to sell such active pharmaceutical ingredient or bulk drug to such other manufacturer(s) of formulations and to direct formulators to sell the formulations to institutions, hospitals or any agency as the case may be;(ii)for the purpose of giving any direction under sub-paragraph (i), call for such information from manufacturers of active pharmaceutical ingredients or bulk drugs or formulations, as it may consider necessary and such manufacturer shall furnish the required information within such time the Government may fix.

### **4. Calculation of ceiling price of a scheduled formulation.**

(1)The ceiling price of a scheduled formulation of specified strengths and dosages as specified under the first schedule shall be calculated as under:Step1. First the Average Price to Retailer of the scheduled formulation i.e. P(s) shall be calculated as below:Average Price to Retailer,  $P(s) = (\text{Sum of prices to retailer of all the brands and generic versions of the medicine having market share more than or equal to one percent of the total market turnover on the basis of moving annual turnover of that medicine}) / (\text{Total number of such brands and generic versions of the medicine having market share more than or equal to one percent of total market turnover on the basis of moving annual turnover for that medicine.})$ Step2. Thereafter, the ceiling price of the scheduled formulation i.e.P(c) shall be calculated as below: $P(c) = P(s).(1+M/100)$ , whereP(s) = Average Price to Retailer for the same strength and dosage of the medicine as calculated in step1 above.M = % Margin to retailer and its value =16(2)The ceiling price calculated as per sub-paragraph (1) and notified by the Government shall be applicable to scheduled imported formulations also.

### **5. Calculation of retail price of a new drug for existing manufacturers of scheduled formulations.**

(1)The retail price of the new drug available in domestic market shall be calculated as provided in sub-paragraph (1) of paragraph 4.(2)(i)the price to retailer of a new drug, not available in domestic market, shall be fixed by the Government on the principles of "Pharmacoeconomics" of the new drug, on the recommendation of a Standing Committee of Experts formed under paragraph 15.(ii)the retail price of such new drug shall be fixed by adding sixteen percent margin to retailer on the price to retailer as fixed in item (i):

## 6. Ceiling price of a scheduled formulation in case of no reduction in price due to absence of competition.

(1) where the average price to retailer of a scheduled formulation, arrived at as per the formula specified in sub-paragraph (1) of paragraph 4, has the effect of, - (a) no reduction in average price to retailer with respect to the prices to retailer of the scheduled formulation; and (b) there are less than five manufacturers for that formulation having one percent or more market share, the ceiling price shall be calculated as under: - (i) in the event of other strengths or dosage forms of the same scheduled formulation is available in the list of scheduled formulation, the average price to retailer shall be calculated as under: Step 1: First the Average Price to Retailer of such scheduled formulation i.e. P(s) shall be calculated as under:

$P(s) = | P_m \{ 1 - (P_{i1} + P_{i2} + \dots)(N * 100) \} |$  Where,

$P_m$  = Price to Retailer of highest priced scheduled formulation under consideration.  $P_i$  = % reduction in Average Price to Retailer of other strengths and dosage forms (calculated as in step 1 of sub-paragraph (1) of paragraph 4) in the list of schedule formulations w.r.t the highest priced formulation taken for calculating the average price to retailer of such strengths and dosage forms.  $N$  = Number of such other strengths or dosage forms or both in the list of schedule formulations Step 2. Thereafter, the ceiling price of the scheduled formulation i.e. P(c) shall be calculated as under:  $P(c) = P(s) \cdot (1 + M/100)$ , where  $P(s)$  = Average Price to Retailer of the scheduled formulation as calculated in step 1 hereinabove and  $M$  = % Margin to retailer and its value = 16 (ii) in the event of other strengths or dosage forms of the scheduled formulation is not available in the schedule but there are other scheduled formulations in same sub-therapeutic category as that of the scheduled formulation, then the Ceiling Price shall be calculated as under: Step 1: First the Average Price to Retailer of such scheduled formulation i.e. P(s) shall be calculated as under:

$P(s) = | P_m \{ 1 - (P_{i1} + P_{i2} + \dots)(N * 100) \} |$  Where,

$P_m$  = Price of highest priced formulation taken for calculating the average price to retailer of the formulation under consideration.  $P_i$  = % reduction in Average Price to Retailer of other schedule formulations (calculated as in step 1 of sub-paragraph (1) of paragraph 4) in same sub-therapeutic category as that of the scheduled formulation under consideration w.r.t the highest priced formulation taken for calculating the average price to retailer.  $N$  = Number of such other schedule formulations in same subtherapeutic category as that of the scheduled formulation under consideration. Step 2. Thereafter, the ceiling price of the scheduled formulation i.e. P(c) shall be calculated as under:  $P(c) = P(s) \cdot (1 + M/100)$ , where  $P(s)$  = Average Price to Retailer of the scheduled formulation as calculated in step 1 above and  $M$  = % Margin to retailer and its value = 16 Explanation. - where the scheduled formulation under consideration is coming under more than one sub-therapeutic category, the Average Price to Retailer of the scheduled formulation shall be calculated after taking into consideration the percentage reduction in Average Price to Retailer of other schedule formulations under all such sub-therapeutic categories and the lowest average price to retailer shall be taken for calculating the ceiling price of the scheduled formulation under consideration; (iii) in case the other strengths or dosage forms of the scheduled formulation are not available in the schedule and there is no sub therapeutic category of the scheduled under consideration, the ceiling price shall be calculated as under: Step 1: First the Average Price to Retailer

of such scheduled formulation i.e.  $P(s)$  shall be calculated as under:

$P(s) = \frac{P_m \{1 - (P_{i1} + P_{i2} + \dots)(N \times 100)\}}{N}$  Where,

$P_m$  = Price of highest priced formulation taken for calculating the average price to retailer of the formulation under consideration.  $P_i$  = % reduction in Average Price to Retailer of other schedule formulations (calculated as in step 1 sub-paragraph (1) of paragraph 4) in same therapeutic category as that of the scheduled formulation under consideration w.r.t the highest priced formulation taken for calculating the average price to retailer.  $N$  = Number of such other schedule formulations in same therapeutic category as that of the scheduled formulation under consideration. Step 2. Thereafter, the ceiling price of the scheduled formulation i.e.  $P(c)$  shall be calculated as under:  $P(c) = P(s) \cdot (1 + M/100)$ , where  $P(s)$  = Average Price to Retailer of the scheduled formulation as calculated in step 1 above and  $M$  = % Margin to retailer and its value = 16. Explanation. - where the scheduled formulation under consideration is coming under more than one therapeutic category, the Average Price to Retailer of the scheduled formulation shall be calculated after taking into consideration the percentage reduction in Average Price to Retailer of other schedule formulations under all such therapeutic categories and the lowest average price to retailer shall be taken for calculating the ceiling price of the scheduled formulation under consideration. (2) Notwithstanding anything contained in this paragraph, where the price has been fixed and notified by the Government under the Drugs (Prices Control) Order, 1995 the provisions of sub-paragraph (1) shall not apply.

## 7. Margin to retailer.

- While fixing a ceiling price of scheduled formulations and retail prices of new drugs, sixteen percent of price to retailer as a margin to retailer shall be allowed.

## 8. Maximum retail price.

(1) The maximum retail price of scheduled formulations shall be fixed by the manufacturers on the basis of ceiling price notified by the Government plus local taxes wherever applicable, as under:  $\text{Maximum Retail Price} = \text{Ceiling price} + \text{Local Taxes as applicable}$  (2) The maximum retail price of a new drug shall be fixed by the manufacturers on the basis of retail price determined by the Government plus local taxes wherever applicable, as under:  $\text{Maximum Retail Price} = \text{Retail Price} + \text{Local Taxes as applicable}$

## 9. Reference data and source of market based data.

(1) Initially, the source of market based data shall be the data available with the pharmaceuticals market data specializing company - IMS Health (IMS) and if the Government deems necessary, it may validate such data by appropriate survey or evaluation. (2) The Government may in the due course of time come out with other appropriate mechanism of collecting or obtaining the market based data related to drugs and the decision of Government with respect to collection or obtaining of data shall be final. (3) The market based data, for fixing the ceiling price of scheduled formulations for the first time after the notification of this order, shall be the data of May, 2012. (4) The market based data for fixing the retail price of new drugs available in the market, shall be the data available

for the month ending immediately before six months of receipt of application for fixing the price of the new drug.(5)The market based data for fixing the ceiling price of a scheduled formulation due to a revision in the first schedule shall be the data available for the month ending immediately before six month of notification of revision in the first schedule.(6)Notwithstanding anything contained in this order, the reference date for the formulations which are part of the Drugs (Prices Control) Order, 1995 shall be as per the provisions of paragraph 10 of this Order.

## **10. Pricing of the formulations covered under Drugs (Prices Control) Order, 1995.**

(1)The prices of scheduled formulations, which are also specified in the First Schedule to the Drugs (Prices Control) Order, 1995, fixed and notified under the provisions of the said order, up to 31st May, 2012, shall remain effective for further one year i.e. up to 30th May' 2013 and the manufacturers may revise the prices of such scheduled formulations as per the annual wholesale price index for the previous calendar year announced by Department of Industrial Promotion and Policy and thereafter the formula as in sub- paragraph (1) of paragraph 4 of this Order shall be applied for fixing the ceiling prices of such formulations.(2)The prices of scheduled formulations, which are also specified in the First Schedule to the Drugs (Prices Control) Order, 1995, fixed and notified under the provisions of Drugs (Prices Control) Order,1995 after 31st May,2012, shall remain effective for one year from the date of notification of such prices under Drugs (Prices Control) Order,1995 and immediately thereafter the manufacturers may revise the prices as per the annual wholesale price index for the previous calendar year announced by Department of Industrial Promotion and Policy and on the 1st April of succeeding financial year, the formula as in sub-paragraph (1) of paragraph 4 of this Order shall be applied for fixing the ceiling prices of such schedule formulations.(3)The prices of scheduled formulations, which are specified in the Drugs (Prices Control) Order, 1995 but not specified in the First Schedule of this order, fixed and notified under the provisions of the said order, up to 31st May,2012, shall remain effective for further one year i.e. up to the 30th May'2013 and thereafter prices of such formulations shall be regulated as in case of other non-scheduled formulations as stated in paragraph 20 of this Order.(4)The prices of scheduled formulations, which are specified in the Drugs (Prices Control) Order, 1995 but not specified in the First Schedule of this order, fixed and notified under the provisions of the said order, after 31st May,2012, shall remain effective for one year from the date of notification of such prices and thereafter prices of such formulations shall be regulated as in case of other nonscheduled formulations as stated in paragraph 20 of this Order.

## **11. Ceiling price or retail price of a pack.**

(1)The average price to retailer calculated as per the provisions in paragraphs 4, 5 and 6 shall be on the dosage basis, (per tablet, per capsule or injection in volume as listed in first schedule) and the ceiling price or retail price of a pack shall be reached by multiplying the same with the number or quantity in the pack as the case may be.(2)In the event of the unit of the dosage for a scheduled formulation not available in the first schedule, the lowest pack size for that category of medicine, as specified in the Drugs and Cosmetics Act, 1940 (23 of 1940) and the rules thereunder, shall be taken as unit dosage for calculating the ceiling price or retail price as the case may be, for that scheduled

formulation and this shall be applicable while calculating the per unit price of even non-scheduled medicines for arriving at the retail price in case of paragraph 5.(3)[ Notwithstanding anything contained in sub-paragraph (1) and (2), in the case of injections or inhalation or any other medicine for which dosage form or strength or both are not specified in the Schedule-I of the Drugs (Prices Control) Order, 2013, the Government may fix and notify separate ceiling price or retail price for such formulations with specified therapeutic rationale, considering the type of packaging or pack size or dosage compliance or content in the pack namely liquid, gaseous or any other form, in the unit dosage as the case may be, conforming to Indian Pharmacopeia or other standards as specified in the Drugs and Cosmetics Act, 1940 (23 of 1940) and the rules made thereunder for the same formulation.(4)The Government shall form a Committee of Experts, as it may deem fit, within a period of fifteen days from the date of issue of this order, to recommend fixing of separate ceiling price of scheduled formulations or retail price of a new drug as per the above parameter.] [inserted vide S.O.1192(E), dated 22.03.2016]

## **12. Price of formulations (branded or generic version) listed in the National List of Essential Medicines, launched by a manufacturer.**

(1)A manufacturer, launching a scheduled formulation, shall be free to fix the price of the scheduled formulation equal Price list; to or below the ceiling price fixed for that schedule formulation by the Government.(2)Where an existing brand is re-launched by another manufacturer the provisions of paragraph 13 shall be applicable.

## **13. Price of scheduled formulations for the existing manufacturers.**

(1)All the existing manufactures of scheduled formulations, selling the branded or generic or both the versions of scheduled formulations at a price higher than the ceiling price (plus local taxes as applicable) so fixed and notified by the Government, shall revise the prices of all such formulations downward not exceeding the ceiling price (plus local taxes as applicable):Provided, that in case of scheduled formulations produced or available in the market before the date of notification of ceiling price, the manufacturers shall ensure within a period of forty-five days of the date of such notification that the maximum retail price of such scheduled formulation does not exceed the ceiling price (plus local taxes as applicable).(2)All the existing manufactures of scheduled formulations, selling the branded or generic or both the versions of scheduled formulations at a price lower than the ceiling price (plus local taxes as applicable) so fixed and notified by the Government shall maintain their existing maximum retail price.(3)Annual increase in maximum retail price may be carried out as per the increase in the wholesale price index with respect to previous year as per the provision of sub-paragraphs (2) and (3) of paragraph 16.Provided that in case of decline in wholesale price index, a corresponding reduction in the prices shall be made as per the provision of sub-paragraph (4) of paragraph 16.

## **14. Fixation of ceiling price of scheduled formulations.**

(1)The Government shall fix and notify the ceiling prices of the scheduled formulations in

accordance with the provisions of the paragraphs 4 and 6, as the case may be, and no manufacturer shall sell the scheduled formulations at a price higher than the ceiling price (plus local taxes as applicable) so fixed and notified by the Government.(2)Where any manufacturer sells a scheduled formulation at a price higher than the ceiling price (plus local taxes as applicable) fixed and notified by the Government, such manufacturers shall be liable to deposit the overcharged amount along with interest thereon from the date of such overcharging.

## **15. Fixation of retail price of a new drug for existing manufacturers of scheduled formulations.**

(1)The Government shall form a Standing Committee of such Experts, as it may deem fit, within sixty days of notification of this order with a view to recommend the retail prices of new drugs on the principles of "Pharmacoeconomics".(2)Where an existing manufacturer of a drug with dosages and strengths as specified in National List of Essential Medicines launches a new drug, such existing manufacturers shall apply for prior price approval of such new drug from the Government in Form-I specified under Schedule-II of this Order.(3)On receipt of the application under sub-paragraph (2), in the event of the new drug available in domestic market, the Government shall fix the retail price of the new drug in accordance with the provision of sub-paragraph(1) of paragraph 5 and in the event of the new drug not available in domestic market, the Government shall forward the same to the Standing Committee of Experts who shall examine the application on the principles of "Pharmacoeconomics" and make recommendations of retail price of the new drug to the Government within thirty days of the receipt of application.(4)The Government shall, on receipt of recommendation under subparagraph (3), within thirty days, fix the retail price of such new drug and such price shall be applicable to such applicant of such new drug.(5)Where existing manufacturer of scheduled formulation fails to apply for prior approval of the price of the new drug in Form-I, such manufacturer shall be liable to deposit the overcharged amount over and above such price fixed and notified by the Government, if any, along with interest thereon from the date of launch of the new drug, in addition to the penalty.(6)No existing manufacturer of a scheduled formulation shall sell such a new drug at a price higher than the retail price (plus local taxes as applicable) fixed by the Government for such new drug and in case such a manufacturer is found to sell such a new drug at a price higher than the retail price (plus local taxes as applicable) fixed by the Government, such manufacturer of the new drug shall be liable to deposit the overcharged amount along with interest from the date of overcharge, in addition to the penalty.

## **16. Revision of ceiling price of scheduled formulations.**

(1)The Government shall revise the ceiling prices of scheduled formulations as per the annual wholesale price index (WPI) for preceding calendar year on or before 1st April of every year and notify the same on the 1st day of April every year.(2)The manufacturers may increase the maximum retail price (MRP) of scheduled formulations once in a year, in the month of April, on the basis of the wholesale price index with respect to previous calendar year and no prior approval of the Government in this regard shall be required.(3)Information about the revision, if carried out, shall be forwarded to the Government in either electronic or physical form in Form-II within a period of fifteen days of such revision and non-submission of information under this sub-paragraph shall be

construed as non revision of maximum retail price (MRP) and the concerned manufacturer shall be liable to deposit the amount charged over and above the pre-revised maximum retail price (MRP), alongwith interest thereon from the date of overcharging.(4)In case of decline in wholesale price index, there shall be a corresponding reduction in the maximum retail price and in case of scheduled formulations produced or available in the market before the date of notification of revised ceiling price, the manufacturers shall ensure within a period of forty-five days of the date of such notification that the maximum retail price (MRP) of such scheduled formulation does not exceed the revised ceiling price (plus local taxes as applicable) and information about the revision shall be sent to the Government in either electronic or physical form in Form-II within a period of fifteen days of such revision.(5)Non-submission of information under the sub-paragraph (4) shall be construed as non reduction in maximum retail price (MRP) and the concerned manufacturer shall be liable to deposit the amount charged over and above the maximum retail price revised based on decline in wholesale price index, alongwith interest thereon as overcharged amount from the date of overcharging.

## **17. Amendment of the list of scheduled formulation.**

(1)A decision to amend the first schedule, clearly stating the reasons thereof, shall be taken by the Government within sixty days of receipt of communication from the Ministry of Health and Family Welfare and the amendment(s) or revision, if required, in the first schedule shall be notified and thereafter, the ceiling price(s) for the medicine(s) added in the first schedule shall be fixed as per the provisions of this order within a period of sixty days from the date of the notification.(2)The medicines omitted from the first schedule shall fall under the category of non-scheduled formulations.

## **18. Revision of ceiling price on the basis of moving annual turnover (MAT).**

- The revision of ceiling prices on the basis of moving annual turnover value shall be carried out,-(i)as and when the National List of Essential Medicines is revised by the Ministry of Health and Family Welfare or five years from the date of fixing the ceiling price under this Order whichever is earlier;(ii)when the number of manufacturers of a scheduled formulation, having price of a scheduled formulation more than or equal to seventy five percent of the ceiling price fixed and notified by the Government, has decreased by twenty five percent or more than the number of manufacturers as existing on the reference date;(iii)when the number of manufacturers of a scheduled formulation, having prices of their scheduled formulation equal to or lower than twenty five percent of the ceiling price fixed by the Government, has increased by twenty five percent or more than the number of manufacturers as existing on the reference date.Explanation. - For the purpose of items (ii) and (iii) the "reference date" shall be for first revision of ceiling price May, 2012 and for second or subsequent revision the date of previous revision of the ceiling price.

## **19. Fixation of ceiling price of a drug under certain circumstances.**

- Notwithstanding anything contained in this order, the Government may, in case of extra-ordinary circumstances, if it considers necessary so to do in public interest, fix the ceiling price or retail price

of any Drug for such period, as it may deem fit and where the ceiling price or retail price of the drug is already fixed and notified, the Government may allow an increase or decrease in the ceiling price or the retail price, as the case may be, irrespective of annual wholesale price index for that year.

## **20. Monitoring the prices of non-scheduled formulations.**

(1)The Government shall monitor the maximum retail prices (MRP) of all the drugs, including the non-scheduled formulations and ensure that no manufacturer increases the maximum retail price of a drug more than ten percent of maximum retail price during preceding twelve months and where the increase is beyond ten percent of maximum retail price, it shall reduce the same to the level of ten percent of maximum retail price for next twelve months.(2)The manufacturer shall be liable to deposit the overcharged amount along with interest thereon from the date of increase in price in addition to the penalty.

## **21. Monitoring the availability of scheduled formulations.**

(1)The Government shall monitor the production and availability of scheduled formulations and the active pharmaceutical ingredients contained in the scheduled formulation and the manufacturer of scheduled formulations and the active pharmaceutical ingredients contained in the scheduled formulation shall furnish the information as stated in Form-III of schedule-II of this Order quarterly.(2)Any manufacturer of scheduled formulation, intending to discontinue any scheduled formulation from the market shall issue a public notice and also intimate the Government in Form-IV of schedule-II of this order in this regard at least six months prior to the intended date of discontinuation and the Government may, in public interest, direct the manufacturer of the scheduled formulation to continue with required level of production or import for a period not exceeding one year, from the intended date of such discontinuation within a period of sixty days of receipt of such intimation.

## **22. Recovery of dues accrued under the Drugs (Prices Control) Order, 1979 and to deposit the same into the Drugs Prices Equalisation Account.**

(1)Notwithstanding anything contained in this order, the Government may by notice, require a manufacturer, importer or distributor as the case may be, to deposit the amount which has accrued under the provisions of the Drugs (Prices Control) Order, 1979 on or before the commencement of this order, into the Drugs Prices Equalisation Account and the manufacturer, importer or distributor, as the case may be, shall deposit the said amount into the said account within such time as the Government may specify in the said notice.(2)The existing amount, if any, in the Drugs Prices Equalisation Account on or before the date of commencement of this Order, and the amount deposited under sub-paragraph (1) shall be utilised for;-(a)paying to the manufacturer, importer or distributor, as the case may be, the shortfall between his retention price and the common selling price or, as the case may be, the pooled price for the purpose of increasing the production, or securing the equitable distribution and availability at fair prices, of drugs;(b)meeting the expenses incurred by the Government in discharging the functions under this paragraph; and(c)promoting

higher education and research in Pharmaceutical Sciences and Technology and for the purposes incidental thereto.

### **23. Recovery of overcharged amount under Drugs Prices Control Orders 1987 and 1995.**

- Notwithstanding anything contained in this order, the Government shall by notice, require the manufacturers, importer or distributor or as the case may be, to deposit the amount accrued due to charging of prices higher than those fixed or notified by the Government under the provisions of Drugs (Prices Control) Order, 1987 and Drugs (Prices Control) Order, 1995 under the provisions of this Order.

### **24. Carrying into effect the price fixed or revised by the Government, its display and proof thereof.**

(1) For all the scheduled formulations having maximum retail price (MRP) higher than ceiling price (plus local taxes as applicable), the manufacturers shall revise the maximum retail price (MRP) not exceeding the ceiling price (plus local taxes as applicable): Provided that in case of scheduled formulations produced or available in the market before the date of notification of ceiling price, the manufacturers shall ensure within a period of forty-five days of the date of the notification that the maximum retail price of such scheduled formulation does not exceed the ceiling price (plus local taxes as applicable). (2) Every manufacturer of a scheduled formulation intended for sale shall display in indelible print mark, on the label of container of the formulation and the minimum pack thereof offered for retail sale, the maximum retail price of that formulation based on the ceiling price notified in the Official Gazette or ordered by the Government in this behalf with the words "Maximum Retail Price" preceding it and the words 'inclusive of all taxes' succeeding it. (3) Every manufacturer shall issue a price list and supplementary price list, if required, in Form V to the dealers, State Drugs Controllers and the Government indicating reference to such price fixation or revision as covered by the order or Gazette notification issued by the Government, from time to time. (4) Every retailer and dealer shall display the price list and the supplementary price list, if any, as furnished by the manufacturer, on a conspicuous part of the premises where he carries on business in a manner so as to be easily accessible to any person wishing to consult the same.

### **25. Display of prices of non-scheduled formulations and price list thereof.**

(1) Every manufacturer of a non-Scheduled formulation intended for sale shall display in indelible print mark, on the label of container of the formulation and the minimum pack thereof offered for retail sale, the maximum retail price of that formulation with the words "Maximum Retail Price" preceding it and the words 'inclusive of all taxes' succeeding it. (2) Every manufacturer shall issue a price list and supplementary price list, if required, of the non-Scheduled formulations in Form-V to the dealers, State Drugs Controllers and the Government indicating changes, from time to time. (3) Every retailer and dealer shall display the price list and the supplementary price list, if any, as furnished by the manufacturer or importer, on a conspicuous part of the premises where he

carries on business in a manner so as to be easily accessible to any person wishing to consult the same.

## **26. Control of sale prices of formulations.**

- No person shall sell any formulation to any consumer at a price exceeding the price specified in the current price list or price indicated on the label of the container or pack thereof, whichever is less.

## 21.7- Thyroid and antithyroid medicines

	Medicine	Level of Healthcare	Dosage form and strength
21.7.1	Carbimazole	P,S,T	Tablet 5 mg Tablet 10 mg Tablet 12.5 mcg to 150 mcg* (Several strengths are available in market)
21.7.2	Levothyroxine	P,S,T	such as 12.5, 25, 50, 62.5, 75, 88, 100, 112 mcg. Therefore it was considered to give a range of available strengths)

## Section 22- Immunologicals

In case of these biologicals, irrespective of variation in source, composition and strengths, all the products of the same vaccine/ sera/ immunoglobulin, as approved by licensing authority are considered as included in this schedule. However, considering the source, process, technology and other relevant aspects, different products of the same biologicals should be considered differently for purposes such as procurement policy, pricing, etc.

## 22.1-Diagnostic agents

	Medicine	Level of Healthcare
22.1.1	Tuberculin, Purified Protein derivative	P,S,T

## 22.2-Sera and immunoglobulins (Liquid/ Lyophilized)

	Medicine	Level of Healthcare
22.2.1	Anti-rabies immunoglobulin	P,S,T
22.2.2	Anti-tetanus immunoglobulin	P,S,T

22.2.3	Anti-D immunoglobulin	S, T
22.2.4	Diphtheria antitoxin	P,S,T
22.2.5	Hepatitis B immunoglobulin	S,T
22.2.6	Human normal immunoglobulin	T
22.2.7	Snake venom antiserum	P,S,T
	a) Soluble/ liquid polyvalent	
	b) Lyophilized polyvalent	

### 22.3- Vaccines

(a) All the vaccines which are under Universal Immunization Programme of India (UIP) will be deemed included in this schedule. Presently, the UIP has BCG, DPT, OPV, measles, Hepatitis B, Japanese encephalitis & Pentavalent Vaccines.

(b) The new vaccines, which have been approved by National Technical Advisory Group on Immunization (NTAGI) and planned to be given under UIP, will be deemed to be included as and when listed in UIP. These vaccines are inactivated polio vaccine (IPV), Measles Rubella (MR) and Rota virus vaccine.

(c) In future, the vaccines which are under consideration, if and when included in UIP, will also be deemed included from the date of inclusion in UIP. These are pneumococcal and HPV vaccines.

Explanation.(1)Any dosage form of a medicine, other than the dosage form included in this Schedule, but in same strength and route of administration, which does not have significant difference in terms of pharmacokinetics or pharmacodynamics or efficacy-safety profile over the dosage form mentioned in the list shall be considered as included. To elaborate, if a tablet is included, other dosage forms like conventional tablets and capsules are considered as included. However, such different dosage forms should be considered differently for purposes such as procurement policy, pricing, etc. This principle also applies to all other dosage forms e.g. oral liquid dosage forms, injectables, topical dosage forms, etc.(2)Innovation in medicine must be encouraged. The formulations developed through incremental innovation or novel drug delivery systems like lipid/liposomal formulations, sustained release/controlled release etc. should be considered as included only if specified in the list against any medicine. Such different formulations should be considered differently for purposes such as procurement policy, pricing, etc.(3)In cases, where vaccines or immunoglobulins or sera are listed in this Schedule, irrespective of variation in source, composition and strength, all the products of the same vaccines or immunoglobulins or sera as approved by the licensing authority are considered included.(4)In general, medicines have been mentioned with respect to their active moieties, without mentioning the salts and, in cases where there is significant difference between the salts, the medicine finds mention as its specific salt.(5)In cases where an active moiety is available as different isomers or analogues or derivatives, they are considered as separate entities, and inclusion of one does not imply inclusion of all isomers or analogues or derivatives.(6)For injectable preparations, the pack size (single and multi-dose packs) has not been mentioned. It is suggested that the single and multi-dose pack sizes be considered as separate entities for purposes such as procurement/ pricing etc.
