Explanation - For the purpose of this rule the application shall be considered to have been made by or on behalf of the domestic industry, if it is supported by those domestic producers whose collective output constitute more than fifty per cent of the total production of the like article produced by that portion of the domestic industry expressing either support for or opposition, as the case may be, to the application. - The designated authority while determining the conferment of benefit to the recipient , pursuant to a subsidy, shall take into account the following guidelines -(a)government provision of equity capital shall not be considered as conferring a benefit, unless the investment decision can be regarded as inconsistent with the usual investment practice (including for the provision of risk capital of private investors in the territory of the granting country).(b)a loan by a government shall not be considered as conferring a benefit, unless there is a difference between the amount that the commercial organisation receiving the loan pays on the government loan and the amount it would pay on a comparable commercial loan which it could actually obtain on the market. In this case the benefit shall be the difference between these two amounts;(c)a loan guarantee by a government shall not be considered as conferring a benefit unless there is a difference between the amount that the commercial organisation receiving the guarantee pays on a loan guaranteed by the government and the amount that it would pay on a comparable commercial loan in the absence of the government guarantee. In this case the benefit shall be the difference between these two amounts adjusted for any differences in fees;(d)the provision of goods or services or purchase of goods by government shall not be considered as conferring a benefit unless the provision is made for less than adequate remuneration, or the purchase is made for more than adequate remuneration. The adequacy of remuneration shall be determined in relation to prevailing market conditions for the goods or service in question in the country of provision or purchase (including price, quality, availability, marketability, transportation and other conditions of purchase or sale).

13. Determination of injury.

(1) In the case of imports from specified countries, the designated authority shall give a further finding that the import of such article into India causes or threatens material injury to any industry established in India or materially retards the establishment of an industry in India. (2) Except when a finding of injury is made under sub-rule (3), the designated authority shall determine the injury threat of injury material retardation to the establishment of an industry and the causal link between the subsidised import and the injury, taking into account inter-alia, the principle laid down in Annexure 1 to the rule. (3) The designated authority may, in exceptional cases, give a finding as to the existence of injury even where a substantial portion of the domestic industry is not injured, if - (i) there is a concentration of subsidised imports into an isolated market, and, (ii) the subsidised imports are causing injury to the producers of almost all of the production within such market.

14. Preliminary findings.

(1) The designated authority shall proceed expeditiously with the conduct of the investigation and shall, in appropriate cases, record a preliminary finding regarding existence of a subsidy and its nature and in respect of imports from specified countries, it shall also record its preliminary finding regarding injury to the domestic industry and such finding shall contain sufficiently detailed explanation for the preliminary determination on the existence of a subsidy and injury and shall refer to the matter of fact and law which have led to arguments being accepted or rejected. Such finding shall contain (i) the names of the suppliers, or when this is impracticable, the supplying countries involved; (ii) a description of the product which is sufficient for customs purposes; (iii) the amount of subsidy established and the basis on which the existence of a subsidy has been determined; (iv) considerations relevant to the injury determination; and (v) the main reasons leading to the determination. continuation of the investigation;(c)it determines that the amount of subsidy is less than one per cent advalorem or in the case of a product originating from a developing country the amount of subsidy is less than two per cent.(d)it determines that the volume of the subsidized imports, actual or potential, or injury where applicable, is negligible or in the case of a product originating in a developing country the volume of the subsidized imports represents less than four per cent of the total imports of the like product into India, unless imports from developing countries whose individual shares of total imports represent less than four per cent collectively account for more than nine per cent of the total imports of the like product into India.

17. Suspension or termination of investigation on acceptance of price undertaking.

(1)The designated authority may suspend or terminate an investigation, if-(a)the government of the exporting country(i)furnishes an undertaking that it would withdraw the subsidy,(ii)in case of specified countries, undertakes to limit the quantum of subsidy within reasonable limit, or to take other suitable measures to neutralise the effect of such subsidy, provided that the designated authority is satisfied that the injurious effect of the subsidy is eliminated, or(b)in case of specified countries the exporters concerned agree to revise their prices so that injurious effect of subsidy is eliminated and the designated authority is satisfied that the injurious effect of the subsidy is eliminated :Provided that increase in price as a result of this clause is not higher than what is necessary to eliminate the amount of subsidy :Provided further that the designated authority shall complete the investigation and record its finding, if the Central Government so desires or the government of the exporting country so decides.(2)(i)No undertaking as regards price increase under sub-rule (1) shall be accepted unless the designated authority had made preliminary determination of subsidization and the injury :Provided that an undertaking from an exporter shall be accepted only when the designated authority has also obtained the consent of the exporting country.(3)The designated authority, may also not accept undertakings offered by any country or any exporter, if it considers the acceptance of such undertaking as impracticable or as unacceptable for any other reason.(4)The designated authority shall intimate the acceptance of an undertaking and suspension or termination of investigation to the Central Government and also issue a public notice in this regard. The public notice shall, contain inter-alia, the non-confidential part of the undertaking.(5)In cases where an undertaking has been accepted by the designated authority the Central Government may not impose a duty under sub-section (2) of Section 9 of the Act for such a period the undertaking acceptable to the designated authority remains valid.(6)Where the designated authority has accepted any undertaking under sub-rule (1), it may require the government of the exporting country, or the exporter from whom such undertaking has been accepted to provide from time to time information relevant to the fulfilment of the undertaking and to permit verification of relevant data :Provided that in case of any violation of any undertaking, the designated authority will intimate the Central Government and complete the investigation expeditiously.(7)The designated authority shall, suo motu or on the basis of any request received from exporters or importers of the article in question or any other interested person review from time to time the need for the continuance of any undertaking given earlier.

18. Disclosure of information.

19. Final findings.

(1)The designated authority shall, within one year from the date of initiation of an investigation, determine as to whether or not the article under investigation is being subsidized and submit to the Central government its final finding, as to, -(a)(i)the nature of subsidy being granted in respect of the article under investigation and the quantum of such subsidy;(ii)whether imports of such articles into India in the case of imports from specified countries, cause or threaten material injury to an industry established in India or materially retards the establishment of any industry in India and a causal link between the subsidized imports and such injury; and(iii)whether a retrospective levy is called for and if so, the reasons therefor and the date of commencement of such levy;(b)its recommendation as to the amount of duty which if levied, would be adequate to remove the injury to the domestic industry.Provided that the Central Government may, in circumstances of exceptional nature, extend further the aforesaid period of one year by six months;Provided further that in those cases where the designated authority has suspended the investigation on the acceptance of a price undertaking as provided in rule 17 and subsequently resumes the same on violation of the terms of the said undertaking, the period for which investigation was kept under suspension shall not be taken into account while calculating the said period of one year.(2)The final finding if affirmative, shall contain all information on the matter of facts and law and reasons which have led to the conclusion and shall also contain information regarding(i)the names of the suppliers, or when this is impractical, the supplying countries involved;(ii)a description of the product which is sufficient for customs purposes;(iii)the amount of subsidy established and the basis on which the existence of a subsidy has been determined;(iv)considerations relevant to the injury determination; and(v)the main reasons leading to the determination.(3)The designated authority shall issue a public notice regarding its final findings.

20. Levy of duty.

(1)The Central Government may, within three months of the date of publication of the final findings by the designated authority under rule 19, impose, by notification in the Official Gazette, upon importation into India of the article covered under the final finding, a countervailing duty not exceeding the amount of subsidy as determined by the designated authority under rule 19.Provided that in case of imports from the specified countries the amount of duty shall not exceed the amount which has been found adequate to remove the injury to the domestic industry.(2)Notwithstanding anything contained in sub-rule (1) where a domestic industry has been interpreted according to the proviso to clause (b) of rule 2. a countervailing duty shall be levied only after the exporters have been given opportunity to cease exporting at subsidized prices to the area concerned or otherwise give an undertaking pursuant to rule 17 and such undertaking has not been promptly given and in such cases duty cannot be levied only on the product of specified producers which supply the area in

question.(3)If the final finding of the designated authority is negative, that is contrary to the prima facie evidence on whose basis the investigation was initiated, the Central Government shall within forty five days of the publication of final findings by the designated authority under rule 19, withdraw the provisional duty, imposed if any.

21. Imposition of duty on non-discriminatory basis.

- Any countervailing duty imposed under rule 15 or 20 shall be on a non-discriminatory basis and applicable to all imports of such article, if found to be subsidised and where applicable, causing injury except in the case of imports from those sources from which undertakings in terms of rule 17 have been accepted.

22. Date of Commencement of duty.

(1)The countervailing duty levied under rule 15 and 20 shall take effect from the date of publication of the notification in the Official Gazette.(2)Notwithstanding anything contained in sub-rule (1)(a)where a provisional duty has been levied and where the designated authority has recorded a finding of injury or where the designated authority recorded a finding of threat of injury and a further finding that the subsidised imports, in the absence of provisional duty would have led to injury, the countervailing duty may be imposed from the date of imposition of provisional duty;(b)in the circumstances referred to in sub-section (4) of Section 9 of the Act, the countervailing duty may be levied retrospectively from the date commencing ninety days prior to the imposition of provisional duty :Provided that in case of violation of an undertaking referred to in sub-rule (6) of rule 17, no duty shall be levied retrospectively on imports which have entered for home consumption before the violation of such terms of the undertaking.

23. Refund of duty.

(1)If the countervailing duty imposed by the Central Government on the basis of the final findings of the investigation conducted by the designated authority is higher than provisional duty already imposed and collected, the differential shall not be collected from the importer.(2)If, the countervailing duty fixed after the conclusion of the investigation is lower than the provisional duty already imposed and collected, the differential shall be refunded to the importer.(3)If the provisional duty imposed by the Central Government is withdrawn in accordance with the provisions of sub-rule (3) of rule 20, the provisional' duty already imposed and collected, if any, shall be refunded to the importer.

24. Review.

(1)The designated authority shall, from time to time, review the need for continued imposition of the countervailing duty and shall, if it is satisfied on the basis of information received by it that there is no justification for the continued imposition of such duty or additional duty, recommend to the Central Government for its withdrawal.(2)Any review initiated under sub-rule (1) shall be concluded

within a period not exceeding 12 months from the date of initiation of such review.(3)The provisions of rules 6, 7, 8, 9, 10, 11, 12, 13, 16, 17, 18, 19,20, 22 and 23 shall mutatis mutandis apply in the case of review.Annexure IPrinciples Governing the Determination of InjuryThe designated authority shall take into account inter-alia, the following principles while determining injury :

1.

(1)A determination of injury for purposes of rule 13 shall be based on positive evidence and involve an objective examination of both (a) the volume of the subsidized imports and the effect of the subsidized imports on prices in the domestic market for like products and (b) the consequent impact of these imports on the domestic producers of such products.(2)With regard to the volume of the subsidized imports, the designated authority shall inter-alia consider whether there has been a significant increase in subsidized imports, either in absolute terms or relative to production or consumption in India.(3)With regard to the effect of the subsidized import on prices, the designated authority shall, consider whether there has been a significant price undercutting by the subsidized imports as compared with the price of a like article in India, or whether the effect of such imports is otherwise to depress prices to a significant degree or to prevent price increases, which otherwise would have occurred, to a significant degree.(4)Where imports of a product from more than one country are simultaneously subject to countervailing duty investigations, the designated authority may cumulatively assess the effect of such imports only if it determines that (a) the amount of subsidization established in relation to the imports from each country is more than one percent advalorem and the volume of imports from each country is not negligible and (b) a cumulative assessment of the effects of the imports is appropriate in light of the conditions of competition between the imported products and the like domestic product.(5)The designated authority while examining the impact of the subsidized imports on the domestic industry shall include an evaluation of all relevant economic factors and indices having a bearing on the state of the industry, including actual and potential decline in output, sales, market share, profits, productivity, return on investments, or utilization of capacity; factors affecting domestic prices; actual and potential negative effects on cash flow, inventories, employment, wages, growth, ability to raise capital investments and, in the case of agriculture, whether there has been an increased burden on government support programmes.

2.

(1)It must be demonstrated that the subsidized imports are, through the effects of subsidies, causing injury. The demonstration of a causal relationship between the subsidized imports and the injury to the domestic industry shall be based on an examination of all relevant evidence before the designated authority. The designated authority shall also examine any known factors other than the subsidized imports which at the same time are injuring the domestic industry, and the injuries caused by these other factors must not be attributed to the subsidized imports. Factors which may be relevant in this respect include, inter-alia, the volumes and prices on non-subsidized imports of the product in question, contraction in demand or changes in the patterns of consumption, trade restrictive practices of and competition between the foreign and domestic producers, developments in technology and the export performance and productivity of the domestic industry.(2)The effect of

the subsidized imports shall be assessed in relation to the domestic production of the like product when available data permit the separate identification of that production on the basis of such criteria as the production process, producers sales and profits. If such separate identification of that production is not possible, the effect of the subsidized imports shall be assessed by the examination of the production of the narrowest group or range of products, which includes the like product for which the necessary information can be provided.

3. A determination of a threat of material injury shall be based on facts and not merely on allegation, conjecture or remote possibility. The change in circumstances which would create a situation in which the subsidy would cause injury must be clearly foreseen and imminent. In making a determination regarding the existence of a threat of material injury, the designated authority shall consider, inter-alia, such factors as :

(i) nature of the subsidy or subsidies in question and the trade effects likely to arise therefrom; (ii) a significant rate of increase of subsidized imports into the domestic market indicating the likelihood of substantially increased importation; (iii) sufficient freely disposable, or an imminent, substantial increase in, capacity or the exporter indicating the likelihood of substantially increased subsidized exports to Indian market, taking into account the availability of other export markets to absorb any additional exports; (iv) whether imports are entering at prices that will have a significant depressing or suppressing effect on domestic prices, and would likely increase demand for further imports; and (v) inventories of the product being investigated. Annexure II Principles for Determination of Subsidy Which has been Conferred on a Limited Number of Persons as Referred to in Rule 11

1. The designated authority in order to determine as to whether a subsidy has been conferred on a limited number of persons engaged in the manufacture or production of an article, shall take the following principles into consideration :

(a) Whether the granting authority or the legislation pursuant to which the granting authority operates, explicitly limits access to a subsidy to certain enterprises. However, where the granting authority, or the legislation pursuant to which the granting authority operates, establishes objective criteria or conditions governing the eligibility for, and the amount of, a subsidy, such subsidy shall not be considered to have been conferred on a limited number of persons engaged in the manufacture or production of an article, provided that the eligibility is automatic and such criteria or conditions are strictly adhered to and such criteria and conditions have been clearly spelt out in the law, regulation or other official document of the granting country or territory and are capable of verification. Explanation: - For the purposes of the above para 'objective criteria or conditions' mean criteria or condition which are neutral, which do not favour certain enterprises over others, and which are economic in nature and horizontal in application, such as number of employees or size of enterprises. (b) Notwithstanding the determination that a subsidy is not being granted to a limited number of enterprises in terms of the provisions contained in para (a) above, if the designated

authority has reason to believe that the subsidy has in fact been conferred to a limited number of enterprises, it may consider other factors like (1) use of a subsidy program by a limited number of certain enterprises or predominant use by certain enterprises (2) granting of disproportionately large amounts of subsidy to certain enterprises and (3) manner in which discretion has been exercised by the granting authority in decision to grant a subsidy, for determination of subsidy.
