this Act.(4)(a)A licence shall contain the duration, extent to which, and the terms and conditions under which the transmission or supply of electricity is to be made and contain such other conditions as the Commission may consider appropriate for achieving the purposes of this Act.(b)Without prejudice to the generally of the provisions of clause (a), the licensee shall be required to,-(i)enter into agreements on specified terms with other persons for the use of any electric lines, electrical plant and associated equipment operated by the licensee;(ii)furnish information and documents which the Commission may requires for its purpose or for the purposes of the Central or State Government or the Central Commission or Central Electricity Authority;(iii)undertake such functions and obligations of the Board under the Indian Electricity Act, 1910 (Act 9 of 1910) and the Electricity (Supply) Act, 1948 (Act 54 of 1948), as the Commission may specify;(iv)obtain the approval of the Commission of things that are required under the licence conditions or for deviation from the same;(v)notify the Commission of any scheme that the licensee is proposing to undertake including the schemes in terms of the provisions of this Act and the applicable provisions of the Electricity (Supply) Act, 1948 (Act 54 of 1948);(vi)purchase electricity in an economical manner which shall include consideration of the principle of the least cost dispatch of power and under a transparent power purchase procurement process;(vii)evolve scheme for metering points of supply of electricity for all consumer and for measures for reduction of losses in the transmission and supply of electricity;(viii)supply in bulk to other licensees or to customers;(ix)comply with any direction given by the Commission;(x)act in accordance with the terms of the licence; and(xi)comply with the requirements of this Act, the regulations, the Indian Electricity Act, 1910 (No. 9 of 1910) and the Electricity (Supply) Act, 1948 (No. 54 of 1948) or rules framed thereunder in so far they are applicable.(5)Without prejudice to the generality of the provisions contained in sub-section (4), conditions included in a licence granted by the Commission may require the holder of the licence to establish tariff and to calculate its charges from time to time consistent with the provisions of this Act.(6)The provisions contained in the schedule to the Indian Electricity Act, 1910 (No. 9 of 1910) shall be deemed to be incorporated with, and to form part of, every supply licence granted under this Part save in so far as they are expressly varied or exempted by the licence and shall, subject to any such additions, variations or exceptions which the Commission may make having, regard to the purposes of this Act, apply to the undertaking authorised by the licence in relation to its activities in the State :Provided that where a supply licence is granted by the Commission for the supply of electricity to other licensees for distribution by them, then in so far as such license relates to such supply, the provisions of clauses IV, V, VI, VII, VIII and XII of the Schedule shall not be deemed to be incorporated within the supply licence.(7)The conditions included in a licence may contain provision for the conditions to cease to have effect or be modified at such times, in such manner and in such circumstances as may be specified in or determined by or under the conditions.(8)Any provisions included by virtue of sub-section (7) in a licence shall have effect in addition to the provision made by Section 17 and sub-section (5) of Section 18 of the Act.(9)Unless otherwise specifically provided in the terms of a licence, the grant of licence to a person shall not in any way hinder or restrict the grant of a licence to another person within the same area of supply for a like purpose and the licensee shall not claim any exclusivity.(10)The licence granted by the Commission in terms of this Act may provide that the licensee shall have the powers and authority to take actions for metering points of supply of electricity, revenue realisation, disconnection of electricity, prosecution for theft, meter tampering, diversion of electricity, and all such and similar matters affecting the transmission,

sub-transmission, distribution or supply of electricity as the Commission may prescribe.(11)The Commission shall be entitled to authorise the licensees and other persons to exercise such power and authority as the licensees and persons could be given under the provisions of the Indian Electricity Act, 1910 (No. 9 of 1910) and the Electricity (Supply) Act, 1948 (No. 58 of 1948).

16. Exemptions from the requirement to have a licence.

(1)The Commission may make regulations to grant exemption from the requirement to have a licence, but subject to compliance with such conditions, if any, as may be specified by the Commission :Provided that a person exempted shall be required to comply with all the requirements which a licensee is required to do so either under the licence or under the provisions of this Act or the-regulations except where the commission may otherwise specifically, provide under the order granting the exemption or under the regulations.(2)The Commission shall not, under any such regulation, grant any exemption except with the consent,-(i)of the local authority, if any, constituted in the area where electricity is to be supplied;(ii)of the Central Government, in any case where electricity is to be supplied in any area forming part of any cantonment, aerodrome, fortress, arsenal, or camp or any building or place in the occupation of the Central Government for defence purposes;(iii)in any area falling within the area of transmission or supply, of the licensee of such area :Provided further that, except in a case falling under sub-clause (ii) no such consent shall be necessary if the Commission is satisfied that such consent has been unreasonably withheld.(3)An exemption may be granted,-(a)to persons of a particular category; or(b)to a particular person; or(c)for a particular period.(4)An exemption granted shall be published in such manner as the Commission considers appropriate.(5)The exemption granted may be revoked by the Commission at any time for reasons to be recorded in writing.(6)An exemption, unless previously revoked, shall continue in force for such period as may be specified in or determined by or under the order granting the exemption.

17. Amendment of Conditions of Licences.

(1)The Commission may, where in its opinion the public interest so permits or requires and in accordance with the provisions of this Act, on the application of the licensee or if the licensee is not a local authority on the application of the local authority concerned or otherwise make such alterations and amendments to the terms and conditions of a licence as it thinks fit taking into account the object and purposes of this Act :Provided that no such alterations or amendments, other than an alteration or amendment pursuant to a licence condition referred to in sub-section (7) of Section 15 or sub-section (5) of Section 18 shall be made except with the consent of the licensee.(2)Where the licensee has made an application under sub-section (1) proposing any alterations or amendments in the conditions of his licence, the following provisions shall apply,-(a)the licensee shall publish a notice of the application in the manner and with the particulars as may be prescribed by the Commission;(b)the Commission shall not make any alterations or amendments until all objections received by it with reference to the application within such time from the date of the first publication of the notice which the Commission may specify,, which shall not be less than 30 days, have been considered; and(e)in the case of an application proposing alterations or amendments in the conditions of licence granted for an area of supply comprising the

whole or any part of the cantonment, aerodrome, fortress, arsenal, or camp or of any building or place in the occupation of the Central Government for defence purposes, the Commission shall not make any alterations or amendments except with the consent of the Central Government.(3)Before making any alterations or amendments in the conditions of a licence otherwise than on the application of the licensee, the Commission shall publish the proposed alterations or amendments and consider all objections received by it with reference to the proposed alterations or amendments within such time from the date of the publication of the notice as the Commission may specify which shall not be less than 30 days.

18. Revocation of licences.

(1)The Commission may inquire into the conduct or functioning of any licensee in carrying out the obligations under this Act or the regulations framed thereunder or the terms and conditions of the licence,-(a)upon receiving a complaint from any consumer or consumer association or any trade association; or(b)upon a reference made to it by the State Government or by the Central Commission or the Central Government or the Central Electricity Authority or any other Authority; or(c)upon receiving a complaint from any company or person involved in the generation, transmission, sub-transmission, distribution or supply of electricity; or(d)upon its own knowledge or information derived from any source.(2)After making the inquiry under sub-section (1), the Commission may, if in its opinion the public interest so requires, revoke a licence in any of the following cases namely :-(a)where the licensee, has committed a wilful or unreasonable default in doing anything required by or under this Act or regulations made thereunder or the Indian Electricity Act, 1910 (No. 9 of 1910) or the Electricity (Supply) Act, 1948 (No. 54 of 1948) or rules or regulations made thereunder to the extent applicable in the State read with the provisions of this Act;(b)where the licensee commits a breach of any of the terms and conditions of the licence, the breach of which is expressly declared by such licence to render it liable to revocation;(c)where the licensee fails within the period specified in the licence or any longer period that the Commission may allow by order-(i)to show, to the satisfaction of the Commission, that it is in a position to fully and efficiently discharge the duties and obligations imposed by the licence; and(ii)to make the deposit or furnish the security required by the licence; and(d)where the financial position of the licensee is such that the licensee is unable to fully and efficiently discharge the duties and obligations imposed on him by the licence.(3)Notwithstanding anything contained in the provisions of sub-sections (1) and (2) where the public interest so requires, the Commission may, on the application or with the consent of the licensee, and if the licensee is not a local authority, after consulting the local authority concerned, revoke licence as to the whole or any part of the area of transmission or supply upon such terms and conditions as it thinks fit.(4)No licence shall be revoked under sub-section (2) unless the Commission has given to the licensee not less than 30 days notice in writing, stating the grounds on which it is proposed to revoke the licence and has considered any cause shown by the licensee within the period of that notice, against the proposed revocation and has given reasons for such revocation.(5)The Commission may, instead of revoking the licence, permit it to remain in force subject to such further terms and conditions as it thinks fit to impose and the terms or conditions so imposed shall be binding upon, and be observed by, the licensee, and be of like force and effect as if they were contained in the licence.

19. Provisions where licence is revoked.

(1) Notwithstanding anything contained in Sections 6 and 7 of the Indian Electricity Act, 1910 (No. 9 of 1910), where the Commission revokes a licence, under sub-section (2) of Section 18 the following provisions shall apply :-(a) the Commission shall serve a notice of revocation upon the licensee and shall fix a date on which the revocation shall take effect on and with effect from that date, or on and with effect from the date, if earlier on which the undertaking of the licensee is sold to a purchaser in pursuance of any of the provisions of this Act, all the rights, duties, obligations and liabilities of the licensee under this Act shall absolutely cease and stand determined except for any obligation or liabilities that had accrued to that date; (b) the Commission shall invite applications for acquiring the undertaking of the licensee whose licence has been revoked and determine the price payable and other terms and conditions of the sale of the undertaking; (c) the Commission may by notice in writing require the licensee to sell at the price on terms and conditions determined under clause (b) and thereupon the licensee shall sell the undertaking to the person (hereinafter in this section referred to as "purchaser") and whose application has been accepted by the Commission; and (d) the Commission may make such interim arrangement in regard to the undertaking of the licensee for maintaining the electricity transmission and supply as may be considered appropriate including the appointment of administrators and special directors for the undertaking of the licensee. (2) Where an undertaking is sold under sub-section (1), the purchaser shall deposit the purchase price of the undertaking determined in accordance with the application submitted by the purchaser as per the directions of the Commission and the Commission shall have the powers to direct that the outstanding amount of any fine, charge or compensation levied on the licensee in terms of Section 31 of the Act or any other amount due or outstanding from the licensee to the Commission or to any other person as per the orders passed by the Commission be first adjusted out of the amount deposited before releasing the amount to the licensee concerned. (3) Where the Commission issues any notice under sub-section (1) requiring the licensee to sell the undertaking, it may by such notice require the licensee to deliver the undertaking and thereupon the licensee shall deliver on a date specified in the notice, to the designated purchaser pending the payment of the purchase price of the undertaking : Provided that in any such case, the purchaser shall pay to the licensee interest at such rate not exceeding the Reserve Bank leading rate ruling at the time of delivery of the undertaking as the Commission may decide, on the purchase price of the undertaking for the period from the date of delivery of the undertaking to the date of payment of the purchase price. (4) The licensee shall duly implement the orders of the Commission under this section, notwithstanding that the licensee may be aggrieved by the order and intends to challenge the orders of the Commission.

20. General duties and powers of Licensees and Generating Companies.

(1) It shall be the duty of the holder of a licence to develop and maintain an efficient, coordinated and economical system of electricity transmission, sub-transmission, distribution or supply in the area of transmission or area of supply or bulk supply of electricity, as the case may be, for which the licence has been granted. (2) Each licensee and each generating companies shall comply with the provisions of the regulations framed from time to time governing the operation and maintenance of power system and electric supply lines. (3) Subject to restrictions, exceptions and conditions, if any, the Commission may specify the Sections 12 to 19 of the Indian Electricity Act, 1910 (No. 9 of 1910),

which relate to the carrying out of works, shall have effect in relation to a person authorised by a licence under this Act to transmit or supply electricity, as if the person is a licensee in that Act.

21. Restrictions of Licensees and Generating Companies.

(1) No licensee or generating company shall, at any time, without the previous consent in writing of the Commission, acquire by purchase or otherwise the licence or the undertaking of, or associate with, so far as the business of generation, transmission, sub-transmission, distribution or supply of electricity is concerned, any other licensee or person generating, transmitting, supplying or intending to generate, transmit or supply electricity : Provided that, before applying for such consent, the licensee shall give not less than one month's notice of the application, - (a) to the Commission, and (b) if the licensee holds a supply licence, to every local authority both in the licensee's area of supply and also in the area, if any, in which such other person supplies, or intends to supply electricity. Explanation. - For the purpose of this section, a person shall be deemed to be associated with another if he is connected with the other by reasons of ownership, management or in any other manner and is in pursuit of a joint business interest with the other. (2) The licensee shall not, at any time, assign his licence or transfer his undertaking, or any part thereof, by sale, mortgage, lease, exchange or otherwise without the previous consent in writing of the Commission. (3) The provisions of Section 44 of the Electricity (Supply) Act, 1948 (No. 54 of 1948) shall apply in the State after the coming into force of this Act with the following amendments :- (a) that the consents required in the said section shall be taken from the Commission, instead of such consents to be obtained from the Board as provided under that section; (b) notwithstanding anything contained in clauses (a), (b) and (c) of the proviso to sub-section (1) of the said Section 44, the Commission shall have the right to refuse the consent if in the opinion of the Commission, that the Grant of consent will adversely affect the operation of the power system or the development of the electricity industry in the State in an efficient manner or otherwise the public interest; and (c) the provisions of sub-section (3) of said Section 44 will have no application in the State. (4) A holder of a supply licence may, unless expressly prohibited by the terms of its licence or by a general or special order passed by the Commission, enter into arrangements for the purchase of electricity from, - (a) the holder of a supply licence which permits the holder of such licence to supply electricity to other licensees for distribution by them; and (b) any generating company or other supplier of electricity in accordance with the regulations prescribed by the Commission governing the power purchase procurement process. (5) Any agreement relating to any transaction of the nature described in sub-section (1), (2), (3) or (4) unless made with, or subject to the provisions contained in the said provisions, shall be void.

22. Annual Accounts of Licensee.

- Every licensee shall, unless expressly exempted by the Commission, prepare and render to the Commission, before the date to be specified by the Commission, an annual statement or statements of accounts of its undertaking and of each separate business unit made up to such date, in such form and containing such particulars and audited or verified, as may be directed by the Commission and such statements or extracts thereof shall be published in the manner specified by the Commission.

Chapter VI

Reorganisation of the Board

23. Reorganisation of the Madhya Pradesh State Electricity Board's properties, functions and duties.

(1)The State Government may from time to time frame rules to provide for transfer schemes to reorganise the Board and to effect the transfer of such of the functions, duties, powers and obligations and such of undertakings of the Board or such portion thereof consisting of assets, properties, interest in properties, proceedings and liabilities in the manner and on the terms and conditions which the State Government may provide in the transfer scheme.(2)On and from the date the transfer scheme under sub-section (1) is published or on and with effect from such further date as may be specified in such transfer scheme (hereinafter referred to as the effective date), the State Government may provide that such of the undertakings of the Board consisting of assets, properties, interest in properties, proceedings, liabilities, rights and obligations or such portions thereof which immediately before the effective date belong to the Board shall stand transferred to and vest in the State Government on the terms and conditions specified in the transfer scheme without any further act, deed or thing to be done by the Board or any other person.(3)The State Government may, from time to time, frame rules to provide for transfer schemes to effect transfer of the undertakings which vest in the State under sub-section (2) to such companies or bodies corporate or person or authority (hereinafter called "Transferee") on such terms and conditions of the State Government may provide in the transfer scheme and such transfer and vesting in the Transferee shall take effect from the date specified in the transfer scheme without any further act, deed or thing to be done by any person.(4)The State Government may, after consulting the transferee to whom the functions, duties, rights, powers or undertakings, as the case may be, have been transferred and vested in terms of the foregoing provisions (hereinafter referred to as the "First Transferee"), frame rules for transfer schemes to transfer and vest in any other company or body corporate or person or authority (hereinafter referred to as the "Second Transferee") such part of the undertakings from the first transferee to the Second Transferee on such terms and conditions as the State Government may specify and such transfer shall take effect from the date specified in the transfer scheme without any further act, deed or thing to be done by any person.(5)The State Government may by notification provide that such of the functions, duties, powers and obligations exercisable by the Board under the Indian Electricity Act, 1910 (No. 9 of 1910) or the Electricity (Supply) Act, 1948 (No. 54 of 1948) or any rules framed thereunder shall be exercisable by the First Transferee or the Second Transferee or by other companies or bodies corporate or person or authority, as the State Government may specify.(6)Notwithstanding anything contained in this section, where a transaction of any description is effected in pursuance of the transfer scheme under this part, it shall be binding on all persons including third parties.(7)A transfer scheme may,-(a)define the property, interest in property, rights and liabilities to be transferred-(i)by specifying or describing the property, rights and liabilities in question;(ii)by referring to all the property, interest in property, rights and liabilities comprised in a specified part of the undertaking; or(iii)partly in the one way and partly in the other,(b)provide that any rights or liabilities specified or described in the scheme shall be enforceable by or against the first Transferee or the Second

Transferee;(c)provide for restructuring or re-organisation of the undertakings, including forming of subsidiaries, joint ventures, mergers and demergers;(d)impose on any licensee an obligation to enter into such written agreements with, or execute such other instruments in favour of, any other subsequent licensee as may be specified in the scheme; and(e)make such supplement incidental and consequential provisions as it is considered appropriate including provision specifying the order in which any transfer or transaction will be effective.(8)All debts and obligations incurred, all contracts entered into and all matters and things engaged to be done by, with or for the Board, or the First Transferee before the relevant transfer scheme becomes effective shall, to the extent specified in the relevant transfer scheme, be deemed to have been incurred, entered into or done by the First or the Second Transferee, as the case may be.(9)All suits or other legal proceedings instituted or that may be instituted or pending involving the Board or the First Transferee, as the case may be, before the relevant transfer scheme becomes effective shall in the manner specified in the relevant transfer scheme be continued or instituted by or against the First or the Second Transferee.(10)If pursuant to the transfer scheme framed by the State Government a licensee is required to vest any part of its undertaking in another company or body corporate or person, the Commission shall amend the licence granted to the licensee and issue the requisite licence to enable such other company or body corporate or person to discharge the functions.(11)The Board shall cease to be charged with, and shall not perform, the functions, rights, powers and duties to the extent the same are transferred and vested in any other company or body corporate or person in accordance with the provisions of this Act.(12)The exercise by a licensee of any of the rights and powers of the Board may be made on such conditions as shall be specified in the transfer scheme including a condition that they shall be exercised by the licensee only with the approval of the Commission.

24. Provisions relating to personnel.

(1)The State Government may provide for the transfer of the personnel of Board to the First or Second Transferee, as the case may be, on the vesting of properties, rights and liabilities in the said Transferee, as a part of the undertaking transferred under Section 23 and such transfers shall be effective in the like manner as in the case of transfers under Section 23.(2)Upon such transfers the personnel, shall hold office or service under the First or Second Transferee, as the case may be, on terms and conditions that may be determined in the transfer scheme subject to the following, namely :-(a)that the terms and conditions of the service applicable to them in the First or Second Transferee shall not in any way be less favourable than or inferior to those applicable to them immediately before the transfer;(b)that the personnel shall have continuity of service in all respects; and(c)that all benefits of service accrued before the transfer shall be recognised and taken into account for all purposes including the payment of any and all terminal benefits.(3)Notwithstanding anything contained in the Industrial Disputes Act, 1947 (No. 14 of 1947) or any other law as is applicable and except for the provisions made in this Act, the transfer of the employment of the personnel in terms of the provisions of this part shall not entitle such employees to any compensation or damage under this Act, or any other Central or State law or under the general law, save as provided in the transfer scheme.Explanation. - For the purposes of this part and the Transfer Scheme, the term "Personnel" shall mean and include all persons who on the effective date are the employees of the Board, by whatever name called.

25. Variation of Transfers.

- The State Government may provide that the transfers in terms of Sections 23 and 24 shall be provisional for a period of twelve months from the effective date of transfer and reserve the right to after, vary, modify, add or otherwise change the terms in such manner as the State Government may consider appropriate.

Chapter VII Tariffs

26. Tariffs.

(1) Notwithstanding anything contained in any other law, the tariff for intra-State Transmission of electricity and the tariff for sub-transmission, distribution and supply of electricity, grid, wholesale, bulk or retail, as the case may be, in the State (hereinafter referred to as the "tariff"), shall be subject to the provisions of this Act and the tariff shall be determined by the Commission in accordance with the provisions of this Act: Provided that the tariffs and charges set by the Board by notifications No. 05-01/GA/192/A/134, No. 05-01/GA/192/B-1, No. 05-01/GA/192/B-2, No. 05-01/GA/192/C-1, No. 05-01/GA/192/C-2, No. 05-01/GA/192/C-3, No. 05-01/GA/192/D-1, No. 05-01/GA/192/D-2, No. 05-01/GA/192/D-3, No. 05-01/GA/192/E and No. 05-01/GA/192/F, all dated 1st March, 1999 shall be valid and enforceable notwithstanding any order or direction made by the Madhya Pradesh Electricity Regulatory Commission constituted under Section 17 of the Central Act. (2) The Commission shall determine by regulations, the terms and conditions for the fixation of tariff, and in doing so, shall be guided by the following factors, namely :-(a) that the tariff progressively reflect the cost of supply of electricity at an adequate and improving level of efficiency; (b) the factors which would encourage efficiency, economical use of the resources, good performance, optimum investments and other matters which the State Commission considers appropriate for the purpose of this Act; (c) the electricity generation, transmission, distribution and supply are conducted on commercial principles; (d) the interest of the consumers are safeguarded and at the same time, the consumer pay for the use of electricity in a reasonable manner; (e) the principles and their applications provided in Sections 46 and 57 of the Electricity (Supply) Act, 1948 (No. 54 of 1948) and the Sixth Schedule thereto; and (f) in the case of the Board the principles under Section 59 of the Electricity (Supply) Act, 1948 are observed : Provided that where the Commission, departs from factors specified in clause (e) it shall record reasons therefor in writing. (3) The holder of each licence and other persons including the Board or its successor body authorised to transmit, sell, distribute or supply electricity wholesale, bulk or retail in the State shall observe the methodologies and procedures specified by the Commission from time to time in calculating the expected revenue from charges which the holder is permitted to recover and in determining tariffs to collect those revenues. (4) If the State Government requires the grant of any subsidy to any consumer or class of consumers in the tariffs which is determined by the State Commission under this section, the State Government shall pay the amount to compensate the person affected by the grant of subsidy in the manner which the Commission may direct, as a condition for the licensee or any other person concerned to implement the subsidy provided for by the State Government. (5) Any retail tariff is

determined or implemented under this Act, - (a) shall not show undue preference to any consumer of electricity, but may differentiate according to the consumer's load factor power factor, and total consumption of electricity during any specified period or the time at which supply is required or the geographical position of any area, the nature of supply and the purpose for which the supply is required or paying capacity of category of customers and need for cross subsidisation. (b) shall, except in the case of financially weak consumers who are to be provided limited quantum of electricity at reduced tariff for meeting the basic needs, be in a manner that the existing subsidy given to any class or classes of consumers by charging higher tariff from other class or classes of consumers is progressively reduced and within a period of five years from the commencement of this Act the tariff to any class of consumer shall reflect a minimum of seventy five percent of the licensee's average cost of supply of electricity to that class; (c) shall be just and reasonable and be such as to promote efficiency in the supply and consumption of electricity; and (d) shall satisfy all other relevant provisions of the Act, regulations and conditions of licence. (6) Every licensee shall provide to the Commission, at such time and in such manner, as may be prescribed by the Commission, full details of its calculations for the ensuing financial year of the expected aggregate revenue from charges, which it believes to have been permitted to recover under the tariff and such further information, as the Commission may reasonably require to assess such calculations. (7) (a) The Commission may after a public hearing of the licensee and other interested parties determine the tariff to be charged by the licensee at the time of initial grant of licence and thereafter at such intervals not exceeding three years and in such manner as the Commission may prescribe. (b) The Commission shall be entitled to include in the tariffs of the licensee an amount to be appropriated to Special Funds which the Commission, in its opinion, consider necessary to meet the expenses required for implementing projects to enable supply of electricity to consumers in different places in the area of supply of the licensee. (8) No tariff or part of any tariff which is determined by the Commission and implemented may be revised at the instance of the licensee more than once in any financial year, except in respect of any changes expressly permitted to be revised including under any fuel surcharge formula as may be specified by the Commission in the order determining the tariff. The licensee shall provide details of the proposed revision in tariff to the Commission, together with such further information as the Commission may require. The Commission shall notify its decision on the proposed revision in tariff within ninety days of receipt of all information and after hearing the interested persons. (9) The licensee shall publish in a daily newspaper having circulation in the area of transmission or area of supply and make available to the public on request, the tariff for the transmission or supply of electricity within the area of transmission or supply and such tariff shall take effect only after seven days from the date of such publication. (10) The licensee shall not revise or amend any tariff unless the Commission has approved the amendment and the amended tariff is published in the manner provided in sub-section (9). (11) Notwithstanding anything contained in Sections 46, 57, 57-A and 57-B of the Electricity (Supply) Act, 1948 (54 of 1948) no Rating Committee shall be constituted after the date of commencement of this Act and the Commission shall secure that the licensee complies with the provisions regarding the charges for the sale of electricity, both wholesale and retail and for connection to and use of their assets or system in accordance with the provisions of this Act. Explanation. - In this section, - (a) "the expected revenue from charges" means the total revenue which a licensee is expected to recover from charges for the level of forecast supply used in the determination under subsection (6), in any financial year, in respect of goods or services supplied to

consumers.(b)"Tariff" means a schedule of standard prices for supply of electric energy or charges for specified services, which are applicable to all such specified services provided to the type or types of purchaser or consumer specified in the Tariff.

27. Subvention by the State Government.

(1)The State Government may make subventions for such amounts and on such terms and conditions as the State Government may determine to enable implementations of specific projects by the licensee which the State Government may consider necessary in public interest.

Chapter VIII Orders and Enforcement

28. Orders for securing compliance.

(1)Where the Commission is satisfied that a licensee is contravening, or is likely to contravene any relevant condition or requirement, it shall by final order under Section 29 and, if it thinks it appropriate in accordance with sub-section (2) by interim order under this section, issue such directions as it deems proper for securing compliance.(2)In determining whether it is appropriate that an interim order be made, the Commission shall have regard, in particular to,-(a)the extent to which the contravention or likely contravention by the licensee will affect the achievement of the objects and purposes of this Act;(b)the extent to which any person is likely to sustain loss or damage in consequence of anything which, is likely to be done, or omitted to be done, in contravention of the relevant condition or requirement, before a final order can be made; and(c)the extent to which (having regard to the provisions hereinafter provided in this section) there is any other remedy available in respect of the alleged contravention of a relevant condition or requirement.(3)If the Commission proposes to make an interim order, it shall give notice to the licensee,-(a)stating that it proposes to make the order;(b)setting out-(i)the relevant conditions or requirement that the proposed order is intended to secure compliance;(ii)the acts or omissions which, in its opinion constitute contravention of that condition or requirement;(iii)the other facts which in its opinion, justify the making of the proposed order; and(iv)the effects of the proposed order,and specifying the period, being not less than 5 days from the date of notice, within which the licensee may make representations or objections to the proposed order.(4)Subject to sub-section (5), and having considered any representations or objections from the licensee pursuant to sub-section (3), the Commission may make an interim order (modifying the proposed order following the licensee's representations or objections) at any time after expiry of the period referred to in sub-section (3), if,-(a)the Commission has good reason to believe that the licensee to whom the order relates has contravened or is contravening or is likely to contravene any relevant condition or requirement; and(b)the provisions made by the order are requisite for the purpose of securing compliance with that condition or requirement.(5)The Commission may not make an interim order if it is satisfied that the licensee has agreed to take and is taking all such steps as the Commission considers that the licensee should take to secure or facilitate compliance with the condition or requirement in question.(6)An interim order,-(a)may require the licensee to whom it relates (according to the

circumstances of the case) to do, or not to do, such things as are specified in the order or which are of description so specified; (b) shall take effect from such time, being the earliest practicable time, as is determined by the order; and (c) may be revoked, modified or rescinded at any time by the Commission, but in any event shall cease to have effect at the end of such period as is stated in the order unless the Commission is at that time following the procedure set out in Section 29 to declare the interim order to be a final order. (7) As soon as practicable after making an interim order, the Commission shall, - (a) serve a copy of the order on the licensee to whom the order relates; (b) publish the order in such manner as it considers appropriate for the purpose of bringing it to the knowledge of persons likely to be affected by it; and (c) commence proceedings to declare the interim order to be a final order in accordance with Section 29.

29. Final orders for securing compliance.

(1) If the Commission proposes to make a final order or to declare an interim order to be a final order, the Commission shall give notice, - (a) stating that it proposes to make the final order or to declare the interim order to be a final order; (b) setting out the information referred to in clause (b) of sub-section (3) of Section 28 in respect of the proposed final order; and (c) specifying the period (being not less than 60 days from the date of publication of the notice) within which representations or objections to the proposed order may be made. and shall consider any representations or objections that are duly made and not withdrawn. The Commission shall publish notice of such representations or objections and specify a period (being not less than 30 days from the date of publication of the notice) within which further representations or objections may be made. (2) A notice under sub-section (1) shall be given, - (a) by publishing the notice in such manner as the Commission considers appropriate for the purpose of bringing the matters, to which the notice relates, to the knowledge of persons likely to be affected; and (b) by serving a copy of the notice and a copy of the proposed final order on the licensee to whom the order relates. (3) The Commission shall not modify the proposed final order as a result of any representations or objections received following publication of the notice referred to in sub-section (1), except, - (a) with the consent of the licensee to whom the proposed final order relates; and (b) after complying with the requirements of sub-section (4). (4) The Commission shall, - (a) serve on the licensee to whom the proposed final order relates such notice as appears to the Commission requisite of its proposal to modify the proposed final order, together with details of such modifications; (b) specify in that notice the period (being not less than 30 days from the date of the service of the notice) within which representations or objections to the proposed modifications can be made; and (c) consider any representations or objections that are duly made within the time specified and not withdrawn. (5) The provisions of clauses (a) and (b) of sub-section (6) of Section 28 shall apply to final orders. (6) As soon as practicable after making a final order, the Commission shall with respect to the final order, follow the procedure set out in clauses (a) and (b) of sub-section (7) of Section 28. (7) The Commission may revoke a final order at any time, but before revoking a final order the Commission shall give notice, - (a) stating that it proposes to revoke the order and setting out its effect; and (b) specifying the period (being not less than 30 days from the date of delivery of the notice) within which representations or objections to the proposed revocation may be made, and shall consider any representations or objections which are duly made within the time specified and not withdrawn. (8) If, after giving a notice under sub-section (7), the Commission decides not to revoke

the final order to which the notice relates, it shall give notice of its decision to the concerned persons.(9)A notice under sub-section (7) or (8) shall be given by the procedure set out in clauses (a) and (b) of sub-section (7) of Section 28.

30. Emergency provision.
