/671In exercise of the powers conferred by section 114-A of the Insurance Act, 1938 (4 of 1938) and in supersession of the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2000 the Authority in consultation with the Insurance Advisory Committee, hereby makes the following regulations, namely:-

1. Short title and commencement .-These Regulations may be called The Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2002.

(2) They shall come into force from the date of their publication in the Official Gazette. (3) On and from the commencement of these Regulations, the Insurance Regulatory and Development Authority (Preparation of Financial Statements and Auditor's Report of Insurance Companies) Regulations, 2000, shall stand superseded, except as respects things done or omitted to be done thereunder.

2. Definitions .-In these regulations, unless the context otherwise requires,-

(a) "Act" means the Insurance Act, 1938 (4 of 1938); (b) "Authority" means the Insurance Regulatory and Development Authority established under sub-section (1) of section 3 of the Insurance Regulatory and Development Authority Act, 1999 (41 of 1999); (c) all words and expressions used herein and not defined but defined in the Insurance Act, 1938 (4 of 1938), or Insurance Regulatory and Development Authority Act, 1999 (41 of 1999), or Companies Act, 1956 (1 of 1956), shall have the meanings respectively assigned to them in those Acts.

3. Preparation of financial statements, management report and auditor's report .-(1) An insurer carrying on life insurance business, after the commencement of these regulations, shall comply with the requirements of Schedule A.

(2) An insurer carrying on general insurance business, after the commencement of these regulations, shall comply with the requirements of Schedule B: Provided that this sub-regulation shall apply, mutatis mutandis, to reinsurers, until separate regulations are made. (3) The report of the auditors on the financial statements of every insurer and re-insurer shall be in conformity with the requirements of Schedule C, or as near thereto as the circumstances permit. (4) The Authority may, from time to time, issue separate guidelines in the matter of appointment, continuance or removal of auditors of an insurer or reinsurer, as the case may be, and such directions/guidelines may include prescriptions regarding qualifications and experience of auditors, their rotation, period of appointment, etc., as may be deemed necessary by the authority.

Part I

ACCOUNTING PRINCIPLES FOR PREPARATION OF FINANCIAL STATEMENTS

1. Applicability of Accounting Standards. - Every Balance-Sheet, Revenue Account [Policyholders' Account], Receipts and Payments Account [Cash Flow statement] and Profit and Loss Account [Shareholders' Account] of an

insurer shall be in conformity with the Accounting Standards (AS) issued by the ICAI, to the extent applicable to insurers carrying on life insurance business, except that-

(i). Accounting Standard 3 (AS 3) - Cash Flow Statements - Cash Flow Statement shall be prepared only under the Direct Method.(ii). Accounting Standard 17 (AS 17) - Segment Reporting - shall apply to all insurers irrespective of the requirements regarding listing and turnover mentioned therein.

2. Premium. - Premium shall be recognised as income when due. For linked business the due date for payment may be taken as the date when the associated units are created.

3. Acquisition Costs. - Acquisition costs, if any, shall be expensed in the period in which they are incurred.

Acquisition costs are those costs that vary with and are primarily related to the acquisition of new and renewal insurance contracts. The most essential test is the obligatory relationship between costs and the execution of insurance contracts (i.e., commencement of risk).

4. Claims Cost. - The ultimate cost of claims shall comprise the policy benefit amount and specific claims settlement costs, wherever applicable.

5. Actuarial Valuation - Liability for Life Policies. - The estimation of liability against life policies shall be determined by the appointed actuary of the insurer pursuant to his annual investigation of the life insurance business. Actuarial assumptions are to be disclosed by way of notes to the account.

The liability shall be so calculated that together with future premium payments and investment income, the insurer can meet all future claims (including bonus entitlements to policyholders) and expenses.

7. Procedure to determine value of investments. - An insurer shall determine the values of investments in the following manner:-

(a)Real Estate - Investment Property. - The value of investment property shall be determined at historical cost, subject to revaluation at least once in every three years. The change in the carrying amount of the investment property shall be taken to Revaluation Reserve.The insurer shall assess at each balance sheet date whether any impairment of the investment property has occurred.Gains/losses arising due to changes in the carrying amount of real estate shall be taken to equity under 'Revaluation Reserve'. The 'Profit on sale of investments' or 'Loss on sale of investments', as the case may be, shall include accumulated changes in the carrying amount

previously recognised in equity under the heading 'Revaluation Reserve' in respect of a particular property and being recycled to the relevant Revenue Account or Profit and Loss Account on sale of that property. The bases for revaluation shall be disclosed in the notes to accounts. The Authority may issue directions specifying the amount to be released from the revaluation reserve for declaring bonus to the policyholders. For the removal of doubt, it is clarified that except for the amount that is released to policyholders as per the Authority's direction, no other amount shall be distributed to shareholders out of Revaluation Reserve Account. An impairment loss shall be recognised as an expense in the Revenue/Profit and Loss Account immediately, unless the asset is carried at re-valued amount. Any impairment loss of a re-valued asset shall be treated as a revaluation decrease of that asset and if the impairment loss exceeds the corresponding revaluation reserve, such excess shall be recognised as an expense in the Revenue/Profit and Loss Account.

(b) Debt Securities. - Debt securities, including government securities and redeemable preference shares, shall be considered as "held to maturity" securities and shall be measured at historical cost subject to amortisation.

(c) Equity Securities and Derivative Instruments that are traded in active markets. - Listed equity securities and derivative instruments that are traded in active markets shall be measured at fair value on the balance sheet date. For the purpose of calculation of fair value, the lowest of the last quoted closing price at the stock exchanges where the securities are listed shall be taken. The insurer shall assess on each balance sheet date whether any impairment of listed equity security(ies)/derivative(s) instruments has occurred. An active market shall mean a market, where the securities traded are homogenous, availability of willing buyers and willing sellers is normal and the prices are publicly available. Unrealised gains/losses arising due to changes in the fair value of listed equity shares and derivative instruments shall be taken to equity under the head 'Fair Value Change Account'. The 'Profit on sale of investments' or 'Loss on sale of investments', as the case may be, shall include accumulated changes in the fair value previously recognised in equity under the heading 'Fair Value Change Account' in respect of a particular security and being recycled to the relevant Revenue Account or Profit and Loss Account on actual sale of that listed security. The Authority may issue directions specifying the amount to be released from the Fair Value Change Account for declaring bonus to the policyholders. For the removal of doubt, it is clarified that except for the amount that is released to policyholders as per the Authority's prescription, no other amount shall be distributed to shareholders out of Fair Value Change Account. Also, any debit balance in Fair Value Change Account shall be reduced from profit/free reserves while declaring dividends. The insurer shall assess, on each balance sheet date, whether any impairment has occurred. An impairment loss shall be recognised as an expense in Revenue/Profit and Loss Account to the extent of the difference between the re-measured fair value of the security/investment and its acquisition cost as reduced by any previous impairment loss recognised as expense in Revenue/Profit and Loss Account. Any reversal of impairment loss, earlier recognised in Revenue/Profit and Loss Account shall be recognised in Revenue/Profit and Loss Account.

(d) Unlisted and other than actively traded Equity Securities and Derivative Instruments. - Unlisted equity securities and derivative instruments and listed equity securities and derivative instruments that are not regularly traded in active markets shall be measured at historical cost. Provision shall be made for diminution in value of such investments. The provision so made shall be reversed in subsequent periods if estimates based on external evidence show an increase in the value of the investment over its carrying amount. The increased carrying amount of the investment due to the reversal of the provision shall not exceed the historical cost. For the purposes of this regulation, a security shall be considered as being

not actively traded, if as per guidelines governing mutual funds laid down from time to time by SEBI, such a security is classified as "thinly traded".

7. Loans. - Loans shall be measured at historical cost subject to impairment provisions.

The insurer shall assess the quality of its loan assets and shall provide for impairment. The impairment provision shall not be lower than the amounts derived on the basis of guidelines prescribed from time to time by the Reserve Bank of India, that apply to companies and financial institutions.

8. Linked Business. - The accounting principles used for valuation of investments are to be consistent with principles enumerated above. A separate set of financial statements, for each segregated fund of the linked businesses, shall be annexed.

Segregated funds represent funds maintained in accounts to meet specific investment objectives of policy-holders who bear the investment risk. Investment income/gains and losses generally accrue directly to the policyholders. The assets of each account are segregated and are not subject to claims that arise out of any other business of the insurer.

9. Funds for future appropriation - The funds for future appropriation shall be presented separately.

The funds for future appropriation represent all funds, the allocation of which, either to the policyholders or to the shareholders, has not been determined by the end of the financial year.

Part II

Notes. - (Applicable to Schedules 8, 8-A & 8-B),-(a)Investments in subsidiary/holding companies, joint ventures and associates shall be separately disclosed, at cost.(i)Holding company and subsidiary shall be construed as defined in the Companies Act, 1956.(ii)Joint Venture is a contractual arrangement whereby two or more parties undertake an economic activity, which is subject to joint control.(iii)Joint control - is the contractually agreed sharing of power to govern the financial and operating policies of an economic activity to obtain benefits from it.(iv)Associate - is an enterprise in which the company has significant influence and which is neither a subsidiary nor a joint venture of the company.(v)Significant influence (for the purpose of this schedule) means participation in the financial and operating policy decisions of a company, but not control of those policies. Significant influence may be exercised in several ways, for example, by representation on the board of directors, participation in the policymaking process, material inter-company transactions, interchange of managerial personnel or dependence on technical information. Significant influence may be gained by share ownership, statute or agreement. As regards share ownership, if an investor holds, directly or indirectly through subsidiaries, 20 percent or more of the voting power of the investee, it is presumed that the investor does have significant influence, unless it can be clearly demonstrated that this is not the case. Conversely, if the investor holds, directly or indirectly through subsidiaries, less than 20 percent of the voting power of the investee, it is presumed that the investor does not have significant influence, unless such influence is clearly demonstrated. A substantial or majority ownership by another investor does not necessarily preclude an investor from having significant influence.(b)Aggregate amount of company's investments other than listed equity securities and derivative instruments and also the market value thereof shall be disclosed.(c)Investment made out of Catastrophe reserve should be shown separately.(d)Debt securities will be considered as "held to maturity" securities and will be measured at historical costs subject to amortisation.(e)Investment Property means a property [land or building or part of a building or both] held to earn rental income or for capital appreciation or for both, rather than for use in services or for administrative purposes.(f)Investments maturing within twelve months from balance sheet date and investments made with the specific intention to dispose of within twelve months from balance sheet date shall be classified as short-term investments.

Part I

ACCOUNTING PRINCIPLES FOR PREPARATION OF FINANCIAL STATEMENTS

1. Applicability of Accounting Standards. - Every Balance Sheet, Receipts and Payments Account [Cash Flow statement] and Profit and Loss Account [Share-holders' Account] of the insurer shall be in conformity with the Accounting Standards (AS) issued by the ICAI, to the extent applicable to the insurers carrying on general insurance business, except that-

(i) Accounting Standard 3 (AS 3) - Cash Flow Statements - Cash Flow Statement shall be prepared only under the Direct Method. (ii) Accounting Standard 13 (AS 13) - Accounting for Investments, shall not be applicable. (iii) Accounting Standard 17 (AS 17) - Segment Reporting - shall apply to all insurers irrespective of the requirements regarding listing and turnover mentioned therein.

2. Premium. - Premium shall be recognised as income over the contract period or the period of risk, whichever is appropriate. Premium received in advance, which represents premium income not relating to the current accounting period, shall be disclosed separately in the financial statements.

A reserve for unexpired risks shall be created as the amount representing that part of the premium written which is attributable to, and to be allocated to the succeeding accounting periods and shall not be less than as required under section 64 V(1) (ii) (b) of the Act. Premium Received in Advance, which represents premium received prior to the commencement of the risk, shall be shown separately under the head "Current Liabilities" in the financial statements.

3. Premium Deficiency. - Premium deficiency shall be recognised if the sum of expected claim costs, related expenses and maintenance costs exceeds related reserve for unexpired risks.

4. Acquisition Costs. - Acquisition costs, if any, shall be expensed in the period in which they are incurred.

Acquisition costs are those costs that vary with, and are primarily related to, the acquisition of new and renewal insurance contracts. The most essential test is the obligatory relationship between costs and the execution of insurance contracts (i.e. commencement of risk).

5. Claims. - The components of the ultimate cost of claims to an insurer comprise the claims under policies and specific claims settlement costs. Claims under policies comprise the claims made for losses incurred, and those estimated or anticipated under the policies following a loss occurrence.

A liability for outstanding claims shall be brought to account in respect of both direct business and inward reinsurance business. The liability shall include: -(a) Future payments in relation to unpaid reported claims; (b) Claims Incurred But Not Reported (IBNR) including inadequate reserves [sometimes referred to as Claims Incurred But Not Enough Reported (IBNER)], which will result in future cash/asset outgo for settling liabilities against those claims. Change in estimated liability represents the difference between the estimated liability for outstanding claims at the beginning and at the end of the financial period. The accounting estimate shall also include claims cost adjusted for estimated salvage value if there is sufficient degree of certainty of its realisation. Actuarial Valuation of claim liability - in some cases: - Claims made in respect of contracts where the claims payment period exceeds four years shall be recognised on an actuarial basis, subject to regulations that may be prescribed by the Authority. In such cases, certificate from a recognised actuary as to the fairness of liability assessment must be obtained. Actuarial assumptions shall be suitably disclosed by way of notes to the account.

6. Procedure to determine the value of investments. - An insurer shall determine the values of investments in the following manner:-

(a) Real Estate - Investment Property - Investment Property shall be measured at historical cost less accumulated depreciation and impairment loss, residual value being considered zero and no revaluation being permissible. The Insurer shall assess at each balance sheet date whether any impairment of the investment property has occurred. An impairment loss shall be recognised as an expense in the Revenue/Profit and Loss Account immediately. Fair value as at the balance sheet date and the basis of its determination shall be disclosed in the financial statements as additional information.

(b) Debt Securities - Debt securities including government securities and redeemable preference shares shall be considered as "held to maturity" securities and shall be measured at historical cost subject to amortisation.

(c) Equity Securities and Derivative Instruments that are traded in active markets. - Listed equity securities and derivative instruments that are traded in active markets shall be measured at fair value as at the balance sheet date. For the purpose of calculation of fair value, the lowest of the last quoted closing price of the stock exchanges where the securities are listed shall be taken. The insurer shall assess on each balance sheet date whether any impairment of listed equity security(ies)/derivative(s) instruments has occurred. An active market shall mean a market, where the securities traded are homogenous, availability of willing buyers and willing sellers is normal and the prices are publicly available. Unrealised gains/losses arising due to changes in the fair value of listed equity shares and derivative instruments shall be taken to equity under the head "Fair Value Change Account". The "Profit on sale of investments" or "Loss on sale of investments", as the case may be, shall include accumulated changes in the fair value previously recognised in equity under the heading Fair Value Change Account in respect of a particular security and being recycled to Profit and Loss Account on actual sale of that listed security. For the removal of doubt, it is clarified that balance or any part thereof shall not be available for distribution as dividends. Also, any debit balance in the said Fair Value Change Account shall be reduced from the profits/free reserves while declaring dividends. The insurer shall assess, at each balance sheet date, whether any impairment has occurred. An impairment loss shall be recognised as an expense in Revenue/Profit and Loss Account to the extent of the difference between the remeasured fair value of the security/investment and its acquisition cost as reduced by any previous impairment loss recognised as expense in Revenue/Profit and Loss Account. Any reversal of impairment loss, earlier recognised in Revenue/Profit and Loss Account shall be recognised in Revenue/Profit and Loss Account.

(d) Unlisted and other than actively traded Equity Securities and Derivative Instruments - Unlisted equity securities and derivative instruments and listed equity securities and derivative instruments that are not regularly traded in active market will be measured at historical costs. Provision shall be made for diminution in value of such investments. The provision so made shall be reversed in subsequent periods if estimates based on external evidence show an increase in the value of the investment over its carrying amount. The increased carrying amount of the investment due to the reversal of the provision shall not exceed the historical cost. For the purposes of this regulation, a security shall be considered as being not actively traded, if as per guidelines governing mutual funds laid down from time to time by SEBI, such a security is classified as "thinly traded".

7. Loans. - Loans shall be measured at historical cost subject to impairment provisions.

The insurer shall assess the quality of its loan assets and shall provide for impairment. The impairment provision shall not be lower than the amounts derived on the basis of guidelines prescribed from time to time by the Reserve Bank of India, that apply to companies and financial institutions.

8. Catastrophe Reserve. - Catastrophe reserve shall be created in accordance with norms, if any, prescribed by the Authority. Investment of funds out of catastrophe reserve shall be made in accordance with prescription of the Authority.

Part II

DISCLOSURES FORMING PART OF FINANCIAL STATEMENTS. The following shall be disclosed by way of notes to the Balance-Sheet,-

1. Contingent Liabilities:

5. Actuarial assumptions for determination of claim liabilities in the case of claims where the claims payment period exceed four years.

6. Ageing of claims - distinguishing between claims outstanding for more than six months and other claims.

7. Premiums, less reinsurance, written from business in/outside India.

8. Extent of premium income recognised, based on varying risk pattern, category wise, with basis and justification therefor, including whether reliance has been placed on external evidence.

9. Value of contracts in relation to investments, for-

(i) Purchases where deliveries are pending; (ii) Sales where payments are overdue.

10. Operating expenses relating to insurance business: basis of allocation of expenditure to various classes of business.

11. Historical costs of those investments valued on fair value basis.

12. Computation of managerial remuneration.

13. Basis of amortisation of debt securities.

14. (a) Unrealised gain/losses arising due to changes in the fair value of listed equity shares and derivative instruments are to be taken to equity under the head "Fair Value Change Account" and on realisation reported in profit and loss Account.

(b) Pending realisation, the credit balance in the "Fair Value Change Account" is not available for distribution.

15. Fair value of investment property and the basis therefor.

16. Claims settled and remaining unpaid for a period of more than six months as on the balance sheet date.

B. The following accounting policies shall form an integral part of the financial statements:-

1. All significant accounting policies in terms of the accounting standards issued by the ICAI, and significant principles and policies given in Part I of Accounting Principles. Any other accounting policies followed by the insurer shall be stated in the manner required under Accounting Standard AS 1 issued by the ICAI.

2. Any departure from the accounting policies as aforesaid shall be separately disclosed with reasons for such departure.

C. The following information shall also be disclosed:-

1. Investments made in accordance with any statutory requirement should be disclosed separately together with its amount, nature, security and any special rights in and outside India;

Significant influence may be exercised in several ways, for example, by representation on the board of directors, participation in the policymaking process, material inter-company transactions, interchange of managerial personnel or dependence on technical information. Significant influence may be gained by share ownership, statute or agreement. As regards share ownership, if an investor holds, directly or indirectly through subsidiaries, 20 percent or more of the voting power of the investee, it is presumed that the investor does have significant influence, unless it can be clearly demonstrated that this is not the case. Conversely, if the investor holds, directly or indirectly through subsidiaries, less than 20 percent of the voting power of the investee, it is presumed that the investor does not have significant influence, unless such influence is clearly demonstrated. A substantial or majority ownership by another investor does not necessarily preclude an investor from having significant

influence.(b)Aggregate amount of company's investments other than listed equity securities and derivative instruments and also the market value thereof shall be disclosed.(c)Investments made out of Catastrophe reserve should be shown separately.(d)Debt securities will be considered as "held to maturity" securities and will be measured at historical cost subject to amortisation.(e)Investment Property means a property [land or building or part of a building or both] held to earn rental income or for capital appreciation or for both, rather than for use in services or for administrative purposes.(f)Investments maturing within twelve months from balance sheet date and investments made with the specific intention to dispose of within twelve months from balance sheet date shall be classified as short-term investments.
