## **43. Finding of the Judge.**

(1) If the Judge after making such enquiry as he deems fit finds in respect of any person whose election is called in question by a petition, that his election was valid he shall dismiss the petition as against such person and award costs at his discretion. (2) If the Judge finds the election of any person was invalid he shall either-(a) declare a casual vacancy to have been created; or (b) declare another candidate to have been duly elected and in either case may award costs at his discretion.

## **44. Grounds which a candidate other than the returned candidate may be declared to have been elected.**

- If any person who has lodged an election petition has, in addition to calling in question the election of the returned candidate claimed a declaration that he himself or any other candidate has been duly elected and the Judge is of the opinion that in fact the petitioner or such other candidate received a majority of the valid votes, the Judge shall after declaring the election of the returned candidate to be void, declare the petitioner or such other candidate as the case may be, to have been duly elected : Provided that the petitioner or such other candidate shall not be declared to be duly elected if it is proved that the election of such candidate would have been void if he had been the returned candidate and a petition had been presented calling in question his election.

## **45. Procedure in case of equality of votes.**

- If during the trial of an election petition it appears that there is an equality of vote between candidates at the election and that one of them is to be eliminated then-(a) any decision, made by the Returning Officer under provision of these rules, shall, in so far as it determines the question between those candidates, be effective also for the purposes of the petition; and (b) so far as that question is not determined by such a decision, the Judge shall decide between them, in accordance with the provisions of the instruction in Schedule II to these Rules.

## **46. Taking effect of Judge's order.**

- An order of the Judge under sub-rule (2) of Rule 44 shall take effect from the date of the order.

## **47. Communication of order and transmission of record.**

- The Judge shall as soon as may be after announcing the orders made by him under Rule 44 send a copy thereof each to the State Election Commission, the State Government and the District Magistrate.

## **48. Disposal of security deposit and recovery of costs.**

(1) Subject to the provisions of sub-rule (1) of Rule 42, cost, if any, awarded to any respondent by a Judge shall be recoverable out of the security deposited under Rules 39 and 41 and the balance of security deposit, if any, shall be refunded to the petitioner. (2) The cost of any portion thereof, awarded to any respondent and not recovered from the security deposit referred to in sub-rule (1) and cost payable to a petitioner from any respondent shall be recoverable in accordance with the provisions of sub-rule (2) of Rule 43. (3) While making his order under Rule 44 the Judge shall also pass orders about the recovery of costs and the refund of security deposits in accordance with the provisions of this rule and the District Magistrate shall carry out the orders, accordingly on receipt of a copy of the Judge's order under Rule 48.

## **49. Appeal against the order of the Judge.**

(1) An appeal shall lie from every order made by the Judge under Rule 44 to the High Court within thirty days from the date of the order : Provided that the High Court may entertain an appeal after the expiry of the said period of thirty days if it is satisfied that the applicant had sufficient cause for not preferring the appeal within such period. (2) Every person who prefers an appeal under sub-rule (1) shall enclose with the memorandum of appeal, a Government Treasury Receipt showing that a deposit of five hundred rupees has been made by him either in a Government Treasury or in the State Bank of India in favour of the High Court as security for costs of the appeal.

[Rule 27]Instructions for the Determination of Result

### **1. In this Schedule-**

(1)the expression "continuing candidate" means any candidate not elected and not executed from the poll at any given time;(2)the expression "first preference" means the number 1 set opposite the name of any candidate, the expression "second preference" similarly means the number 2, the expression "third preference" the number 3, and so on;(3)the expression "next available preference" means the second or subsequent preference recorded in consecutive numerical order for a continuing candidate preferences for candidate, already excluded being ignored;(4)the expression "unexhausted paper" means a ballot paper on which a further preference recorded for a continuing candidate;(5)the expression "exhausted paper" means a ballot paper on which no further preference is recorded for a continuing candidate :Provided that a paper shall be deemed to be exhausted in any case which-(a)the names of two or more candidates whether continuing or not are not marked with the same figure, and are next in order of preference ;(b)the name of the candidate next in order of preference whether continuing or not, is marked by a number not following consecutively after some other number on the ballot paper or by two or more numbers.

**2. Ascertain the number of first preference votes secured by each candidate and credit him with that number.**

**3. Add up the numbers so credited to all the candidates, divide the total by two and add one to the quotient disregarding any remainder. The resulting number is the quota sufficient to secure the return of a candidate at the election.**

#### 4.

(1) If there are only two contesting candidates then-(a) if one candidate gets large number of first preference votes than the other, declare the former as elected, or (b) if both the candidates get equal number of first preference votes, determine the result by drawing of lots. Exclude the candidate on whom lot falls and declare the other candidate as elected. (2) If there are more than two candidates then-(a) if one of them is found to secure first preference votes equal to or more than the quota determined under instruction No. 3, declare him as elected, or (b) if none of them secure first preference votes equal to or more than the quota aforesaid, proceed according to the instructions hereinafter taking into consideration second and subsequent preferences as may be necessary.

**5. If at the end of the first or any subsequent count the total number of votes credited to any candidate is equal to, or greater than the quota or there is only one continuing candidate, that candidate is declared elected.**

**6. If at the end of any count, no candidate can be declared elected-**

(a) exclude the candidate who up to that stage has been credited with the lowest number of votes; (b) examine all the ballot papers in his parcel and sub-paragraph, arrange the unexhausted papers in sub-paragraphs according to the next available preferences recorded thereon for the continuing candidates, count the number of votes in each such sub-paragraph and credit it to the candidate for whom such preference is recorded, transfer the sub-paragraph to the candidate and make a separate sub-paragraph of all the exhausted papers; and (c) see whether any of the continuing candidates has, after such transfer and credit, secured the quota. If when a candidate has to be excluded under clause (a) above, two or more candidates have been credited with the same number of votes and stand lowest on the poll, exclude that candidate who had secured the lowest number of first preference votes, and if that number also was the same in the case of two or more candidates, decide by lot which of them shall be excluded. All the sub-paragraphs of exhausted papers referred to in clause (b) above shall be set apart as finally dealt with and the votes recorded thereon shall not thereafter be taken into account. Illustration. - Suppose there are four candidates A, B, C and D and the number of first preference votes secured by them are-

A = 12

B = 11

C = 7

D = 5

35

The quota will be  $= 35/2 + 1 = 18$ . No candidate having obtained votes equal to or over the quota at the first count the candidate having the lowest votes, namely, D will be excluded. Suppose there are second preferences marked on all four ballot papers in the parcel of D as below : A = 2 B = 2 The fifth ballot will be placed in the sub-paragraph of exhausted papers and the two papers recording second preference for A and B each will be placed in separate sub-paragraphs for A and B, each of them will be

credited with two additional votes. The votes for A, B and C will now be- $A = 12 + 2B = 11 + 2C = 7$  Since at the end of the second count no candidate can be declared elected, the candidate C having the lowest votes out of the three continuing candidates will not be excluded and his votes transferred to other continuing candidates A and B. Suppose second preferences recorded in all the ballot papers in the parcel C and are as below :  $A = 4B = 3$  After crediting A and B with their additional votes A would have secured 18 votes, that is equal to the quota and B 16 votes. A will, therefore, be declared elected.
