The Central Provinces Reclamation of Lands (Eradication of Kans) Act, 1948(C.P. and Berar Act No. 17 of 1948)Statement of objects and Reasons. - Large areas of rabi and particularly wheat have gone fallow in the northern districts of this province on account of Kans infestation and it is estimated that Kans intend land in the three districts of Saugor, Hoshangabad and Jabalpur ranges approximately between two and three lakhs of acres. This has entailed a heavy reduction in wheat cropping in these districts during the last five years. Under the grow-more-food plan, the Provincial Government have formulated a scheme according to which tractors will be hired from Government of India for mechanized operations to clear Kans, half the cost to be charged to the holder of the affected land and the other half to be subsidised by Government. It is accordingly proposed to plough by tractors during this open season an area of 10,000 acres in about 25 contiguous villages in Khurai tahsil of the Saugor district where the majority of cultivators have come forward for tractor ploughing on payment. Two tractor units have been requisitioned and they are due to commence the ploughing operations by the middle of March. Government are advised that for the efficient working of the scheme and the continuity of mechanized operations it is essential to secure homogeneous blocks of land comprising 500 acres each in the minimum inclusive of intervening patches of cultivated land which may be comparatively free from Kans. This bill has therefore been designed to take power for temporary possessions of such blocks of mechanized ploughing. A provision has been made to award compensation to cultivators whose land suffers any damage on account of the mechanized operations or the passage of tractors.[Dated 9th April, 1948][Received the assent of the Governor on the 9th April 1948: assent first published in the Central Provinces and Berar Gazette.
